# 7 OF FAMILY ARE KILLED IN CROSSING WRECK

## TRAIN HITS AUTO NEAR TOLEDO

2 Men, 2 Women and 3 Children Are Victims

### BOY IS SERIOUSLY INJURED

Party Returning from Reunion When Crash Occurs

TOLEDO — (By Associated Press) — Officials today were investigating circumstances surrounding a grade crossing accident at Perryburg, near Toledo, yesterday which cost the lives of seven members of one family and seriously injured another.

The dead: Cyrus Updegraff, 74, his wife, Mrs. Hattie Updegraff, 67; their son Jesse, 40, his wife, Bertha, 38, and three of their four children—Helen, 13, Alfred, 3, and Fern, an infant. The fourth child, Cyrus, 9, was taken to a Toledo hospital where his skull was found to be fractured, his left leg broken and he was suffering from internal injuries.

The Updegraffs all lived at Six Points, Ohio, a village near Bradner, in southern Wood-co.

**FAMILY REUNION**  
All the members of the family were in an automobile returning from a family reunion when the car was struck by a Baltimore and Ohio passenger train.

The grade crossing is said to be obstructed from view of motorists, but signs warn of extreme caution in approaching. The engine's whistle was said to have been sounding.

A second car followed the Updegraff machine. Miss Erma Kepp, an occupant of this car and a niece of Mrs. Jesse Updegraff, said she saw the approaching train in time to shout a warning but could not attract attention of the car ahead. Following the crash, she raced down the railroad to where the mangled bodies lay. Finding the boy breathing, she worked frantically with him until assistance came and he was removed to a hospital.

**FORMER WRECK TOLL**  
COLUMBUS — (By United Press) — Eighty-four persons have perished in 12 major grade crossing accidents in Ohio in the last two and one-half years, a compilation by the United Press showed today.

The latest is the Perryburg crash in which seven lives were snuffed out by a Baltimore and Ohio train.

The major crashes, in which four or more were killed:

January 1, 1922, Van Wert, 4 killed.  
March 3, 1922, Painesville, 18 killed.  
July 3, 1922, Niles, 4 killed.  
September 2, 1922, Napoleon, 5 killed.  
March 30, 1923, Columbus, 6 killed.  
May 5, 1923, Franklin, 5 killed.  
October 11, 1923, Rootstown, 8 killed.  
October 26, 1923, Attica, 4 killed.  
January 26, 1924, Ravenna, 4 killed.  
June 9, 1924, Genoa, 6 killed.  
July 23, 1924, Oak Harbor, 10 killed.

## VIOLATORS FINED

Eight Persons Face Court in Traffic Infractions

Eight traffic violators were arraigned in police court Friday morning and were fined \$5 and costs each for parking without light lights. Each paid the costs of the case and was released.

They are E. E. Dempsie, 903 Reese-av.; Floyd Miller, 1002 1-2 St. Johns-av.; Chester C. Jacobs, 1019 St. Johns-av.; R. Toomey, 519 Flanders-av.; Ray Simpson, state hospital; E. C. Wherman, O. P. Robinson, 111 N. Jackson; Floyd Berryhill, 336 N. McDonel.

## MISS GLADYS GUNN DIES AFTER SHORT SICKNESS

DELPHOS—Word was received by G. B. Richardson, E. Fourth-st., of the death of his niece, Miss Gladys Gunn, of Toledo, who died Thursday evening, after an illness of several weeks. It is said she died of heart trouble.

Miss Gunn is the daughter of Mr. and Mrs. D. G. Gunn, of Toledo, and has visited Delphos many times in the past and is well known in this city.

Mr. and Mrs. Richardson and daughter, Mary, left Delphos Friday afternoon for Toledo, where they will attend the funeral, which will be held Saturday morning.

## FARM PRODUCT PRICES SHOW INCREASE IN YEAR

Wheat, hay and pork prices in the state are considerably higher this year over the corresponding period of last year, State Statistician C. J. West reports in a communication to H. G. Ridge, farm agent.

Wheat is now selling at \$1.22 per bushel on the farm, the communication states. This is considerable over last year. Hogs are getting \$1.85 more per hundredweight than last year, and \$2.15 more than last month. Hay is getting a dollar a ton more than last year.

**WAPAKONETA** — (Special) — Marriage license was issued here Friday in probate court to Leon Ray McCullough, 24, farmer, and Luella Lydia Stroth, 20, housekeeper, both of Washington-tp.

## SKAT SMILES AS SUN SHINES

Well folks, this is a picture of Skat as he gazed down Main-st. Thursday afternoon after all week had been completed on Lima's important thoroughfare. That the telltale prognosticator is completely satisfied with the project is a mild manner of voicing his expression. In fact, he is just about tickled to death, and it hadn't been long, the heavy traffic he would have stretched out in the middle of the street and taken a sun bath. Skat is so well satisfied that he has reached an agreement with old Sol to work overtime until Tuesday to assure the success of the Mardi-Gras celebration. As a starter, fair and warmer weather is promised for Saturday with no change in temperature for Friday night.

## WALES ARRIVES IN U. S.

(Continued from Page One)

"The Prince of Wales' smile in fact, has become the talk of Americans on the ship.

**CALLED WONDERFUL**  
"It's nothing short of wonderful," a woman passenger said. "Of course, we all love him."

Wales has amazed the Americans by his activity, out doing the best of them! He usually is in the morning ahead of them despite the fact he often does not retire before 3 and has joined in every activity on the ship from boxing to learned discussion on political and social problems.

His Royal Highness was down in the engine room yesterday morning clad in a thick sweater, despite the high temperatures near the boilers. He was soon steaming with perspiration but paid no attention to that, walking thru every section and talking with the men.

Wales had a long discussion on refrigeration engineering with John Reid, the engineer in charge and then talked with fireman John Leigh.

Leigh asked how the prince liked the ship and Wales wiped perspiration from his brow as he replied:

"Well, I can't help but sympathize with you men down here."

All the "black gang" as the sailors call the engine room force, was greatly impressed with the visit.

"A regular fellow and not a bit of a snob," one fireman noted, while another thought out this description:

"You know he's a bit of all right, for he speaks to you just the same whether you have on a clean suit or a dirty one."

The prince attended the boxing matches in the afternoon laughing heartily at a battle royal where blind folded youngsters were hammering away at one another. He went swimming before dinner and regretted it might be his last plunge before leaving the ship.

As the big liner neared New York today the prince described the voyage as a "tremendous success" and said he may return to England on her.

He is looking forward to just one thing today, however, and that is "seeing my American friends again."

## MRS. MARY MURPHY LAMAN DIES AFTER LONG SEIGE

Mrs. Mary Murphy Laman died Thursday night at the home of her son, William Laman, in Elmview at the age of 87 years. She had been ill for eight years.

She is survived by the husband; four sons, George, Milledge, Joseph, Allentown; Abraham, Spencerville; and William, at whose home she died, also three daughters, Mrs. Al Miller, Spencerville, Mrs. John Peter, Lima, and Mrs. Frank Musser, Lima.

Services will be held Sunday at 9 a. m. at the Hartford church near Spencerville. Rev. C. P. Hance will officiate. Burial will be in the church cemetery.

## TWO HELD IN JAIL TO AWAIT THEIR HEARING

William Uriah Vermillion, 33, 310 E. Elm-st., foreman at the Steel Foundry, and Nell McKeown, 30, S. Jackson-st., domestic, who were arrested at midnight Thursday charged with illegal celebration, were arraigned before Judge Pelling Friday morning.

Vermillion pleaded guilty and was remanded to jail in default of \$100 bond pending final disposition of the case, and the girl pleaded not guilty. She was returned to jail under \$500 bond, to be tried Sept. 19.

## COUNCIL OF NATIONS LEAGUE IN SESSION

GENEVA—The council of the League of Nations convened today in a private opening session under the presidency of M. Hymans of Belgium. A communique was issued outlining the numerous duties the treaty of Versailles confers on the league. Various other questions of widely different spheres were touched upon, ranging from political, juridical, military, economical and transit.

## METCALF-ST JOB DELAYED

City Fails to Complete Legal Details, County Says

### BONDS MUST BE OFFERED

Sales to Industrial Commission no Longer Lawful

Paving of S. Metcalf-st. from the Erie R. R. tracks to Fourth-st., agreed upon between the city, county and Solar Refining Co., is being held up by legal obstacles that must be overcome before bids can be advertised for.

Certain legal matters which the city must perform, are at standstill because of absence of Paul Landis, city solicitor. Until the city takes the necessary steps the county and refinery cannot move.

Bonds issued to defray the cost of construction will have to be sold in two blocks. The city will sell its share separately from the county and both blocks of securities must be advertised.

**RULE CHANGED**  
In the past it has been the custom to offer bond issues to the state industrial commission directly. A recent supreme court decision, however, has changed this practice, according to J. O. Montague, clerk of the county board of commissioners. The court held that bonds must be advertised and sold to the highest bidder.

Sale of the bonds thru advertisement for bids can be held jointly by the city and county, but the advertisements must be separate. Several weeks will be required according to law to advertise the sale and then another month's delay will be necessary before bids can be taken.

On this account it may be impossible to let the contract in time for completion this year, commissioners fear.

**CITY'S SILENCE**  
Delays in completion of the improvement are caused by city officials. Instead of city officials, City Manager C. A. Egan and Commissioner Ellis Jones announced Friday morning.

Both officials claimed that legislation authorizing the improvement had been passed one month ago by city commission at a special session and at an early enough date to assure the finish this year of the improvement of Metcalf-st. so that travel over the viaduct could be opened.

Work on the viaduct has been finished and as soon as county officials who are in charge of the paving project get together and reach some agreement the work will be finished and the route opened for travel thru the city onto the Dixie highway. Bingham and Jones declared.

## DRUG IS STOLEN

Thieves Break Into Office of Doctor Seeking "Dope"

Thieves wrecked a transom and gained entrance to the office of Dr. F. G. and Paul Stueber, 209 W. North-st., sometime Thursday night and ransacked the place.

It is thought that the burglary was the work of dope fiends, since nothing was taken but two grains of morphine. Many valuables were overlooked.

The robbery was discovered about 8:30 a. m. Friday when Dr. F. G. Stueber arrived at the office.

J. W. Ford, 756 E. Fourth-st., reported to police that, shortly after leaving Tom Stanyer's restaurant, at 225 S. Main-st. Thursday afternoon, he missed his pocketbook containing \$60 in cash.

Police investigated, but were unable to find any trace of the cash.

## COUNTY OFFICES ARE TO CLOSE DOORS ON MONDAY

Labor Day was officially designated as a holiday in a resolution passed by the county commissioners Friday. Notice was served on all county officials to close their offices Monday. County employees are planning extensive week-end vacations over Sunday and Monday.

Commissioners indicated that holidays will be observed on Armistice Day, Thanksgiving, Christmas and New Year's day.

## MRS. JULIA BLAND TOONEY DIES HERE ON THURSDAY

Following an illness of two months, Mrs. Julia Bland Tooney, 50, died Thursday night at the home of her sister, Mrs. C. X. Dickman, 143 W. Haller-st. Death was caused from a complication of diseases.

Funeral services will be conducted Monday at 9 a. m. at St. Rose Catholic church. Interment will be in Gethsemani.

## FIRE DESTROYS AUTO; MAN AND GIRL ESCAPE

Fire of unknown origin destroyed an Essex sedan, property of a man who gave his name as Albert Butterfield, on Allentown-st. Wednesday. Butterfield told Sheriff Croston, that he was riding west in company with a girl friend when the car was discovered to be ablaze. Both leaped out. The fire ruined the car, but was extinguished before it reached the gasoline tank containing about five gallons of fuel.

**WAPAKONETA** — (Special) — Clayton A. South has been appointed guardian of Edna J. South, who is confined in Toledo state hospital. His bail has been set at \$300.

## CHARLES SHRIVER DIES SUDDENLY ON THURSDAY OF CEREBRAL HEMORRHAGE

Charles M. Shriver, 68, engineer on the L. E. & W. railroad, died suddenly Thursday night at his home, 654 S. Union-st. Death was due to cerebral hemorrhage, according to Coroner Frank Smith.

Shriver was born in Germany, February 22, 1856, and is survived by five sisters and one brother. He was married to Mrs. T. H. Todd, Mrs. Lydia Dunt, Mrs. Mary Carmen, all of Champaign, Ind.; Mrs. Sylvia Hoffman, Urbana, O.; Mrs. William Sleemire, New York City, and William Shriver, of Champaign, Ind.

Short services will be held Friday at 7:30 p. m. at the residence in charge of Rev. B. N. Kelly, pastor of Grace M. E. church. The body will be accompanied to Champaign where funeral services will be held Monday at 2 p. m.

## LIMA DRUGGIST OUT ON BOND

Charles J. Vorkamp Arrested by State Inspector

That troubles never come singly was demonstrated late Friday when constables acting under direction of W. R. Frye, inspector of the state board of pharmacy, took Charles J. Vorkamp, druggist, 600 N. Main-st. into custody, charged with employing an unregistered pharmacist in the pharmaceutical department.

Vorkamp was arrested by city police a few days ago on a charge of selling Jamaica ginger for beverage purposes. The case is pending.

He was arraigned on the unregistered pharmacist charge before Justice of the Peace W. H. Guyton. A plea of not guilty was entered. Hearing in the case will be held on September 4. Vorkamp was released on \$100 bond.

## OATS YIELD IS REPORTED GOOD

Allen-co Farms Average 64 to 70 Bushels Acre

Miami oats threshed on four Allen-co farm this week averaged between 64 and 70 bushels per acre, according to figures received by County Agent H. J. Ridge.

Farm of J. A. Mowery, Bath-twp., yielded 70 bushels to each of the eight acres planted. On a second field on the same farm an average of 64 bushels was obtained from 20 acres. A six and a half acre field of H. E. Mowery, Bath-twp., yielded 64 bushels per acre, while a 20-acre plot on the Henne Hietner farm, Bath-twp., yielded 66 bushels per acre.

An average of 67 bushels per acre was obtained from a 17-acre field of Fulghum oats on the F. H. Rotbe and Sons farm, American-twp.

Miami oats yielded decidedly better in Bath-twp. than any other variety. J. A. Mowery said to Ridge. If more care were taken in selection of seed, oats would yield better, he said.

Indications are that a big acreage of Miami oats will be planted this fall, Ridge says.

## Mainly About People

M. R. Euler and son Richard, of 124 N. Baxter-st., and Robert Benroth of Bluffton, will leave Friday for a week-end trip to Mansfield.

Mrs. M. R. Euler, Miss Betty Euler and Miss Minnie Benroth, 124 N. Baxter-st., will visit with relatives in Lewisburg and Dayton over Labor Day.

Mr. and Mrs. T. J. Buchanan and family, of 521 N. Charles-st., are expected to return home soon, following a two weeks' trip spent touring in New York state and Pennsylvania.

## MORTON WILL CONFER SATURDAY WITH BOARD OF COMMERCE LEADERS

James E. Morton, former manager of the Lima board of commerce, is expected to arrive in Lima Friday afternoon and will meet with the directors of the board Friday night to discuss his return here as manager. It has been announced.

Morton is at present field secretary of the Ohio Retail Council at Columbus but expects to be in Lima over Labor Day to visit old friends and to talk over the matter of his return with board of commerce officials. He was requested by the board to return here as manager with an increase of salary, and it is the general belief that he will answer favorably when he confers with the board Friday night.

**DONAHAY ON CRUISE**  
COLUMBUS — Governor and Mrs. Donahay and their son Robert, and Adjutant General and Mrs. Frank D. Henderson, boarded the naval training ship Wilmington at Cleveland today for a three days' cruise. It is understood they will touch at Snow Island where Fred A. Miller, chairman of the Lorain relief commission is spending his vacation.

## SON BORN

GLANDORF — Mr. and Mrs. Hubert Reithinger (Agnes Hermlinger) are the parents of a son, born August 20 at St. Vincent's hospital in Toledo. The little one was named James Bernard.

## RAIN INSURANCE TAKEN OUT

\$2,000 Policy Protects City for Big Celebration

### TWO PARADES PLANNED

Profusion of Amusements on Program During Day

Rain insurance in the amount of \$2,000 has been taken out by the Main-st. Mardi-Gras committee to prevent any financial loss in event of rain Monday at the monstrous celebration planned here, for which all plans have been completed to care for between 30,000 and 40,000 visitors during the day and night celebration.

The T. A. Collins Agency has been given the contract for the rain insurance. One contract is for \$1,000 to protect the celebration between 6 a. m. and 10 a. m. and the other contract of \$1,000 is valid between the hours of 4 and 8 p. m. Monday. One-tenth of an inch of rain must fall for the city to collect on the policy.

Two parades are to attract thousands of visitors during the day. The monstrous parade of floats and civic organizations starts at 1:30 p. m. and proceeds down Main-st. Interest in this parade develops daily and the best representation in the history of the city is assured as the committee in charge already has been assured that beautiful floats will be entered by merchants, civic organizations and private citizens.

At least 100 floats are expected in addition to the hundreds of marchers to be led by 10 bands.

**MASQUERS PARADE**  
The second parade of the celebration—the parade of masquers in the open air dance on the public square starts at 7:30 p. m. and will be for those in masquerade attire only. This parade is the formal opening of the night time celebration.

Amusements from early morning until midnight are promised by the committee in charge. One of the greatest events will be the aerial carnival of stunts thousands of feet above the ground by expert flyers from the government flying school at Dayton. The planes with the flyers will arrive in Lima at 11 a. m. Monday and in the afternoon the stunts will be executed above Main-st. in the daring manner that gained U. S. army aviators the name of "dare devils" during the World war.

Main-st. will be clear of any obstructions during the day and night of the celebration. No booths will be allowed on the street, City Manager C. A. Bingham announced. Merchants who wish to have booths must place them in their store fronts so that the booths will not extend out over the street.

No concessions are to be granted to persons to sell ice cream, pop or refreshments on the streets during the day as the merchants are the promoters of the celebration and to protect the merchants against the influx into the city of professional peddlers the city has taken such stand and has refused all such permits for the day.

**SEELEY WILL PROBATED; SON GETS ESTATE BULK**  
Will of the late Frederick A. Seeley, 64, 915 Erie-st., probated Friday before Judge J. H. Hamilton, bequeaths his sons, Ray and Walter, the bulk of his estate. In addition Ray Seeley, of Detroit, is bequeathed \$500.

The sum of \$300 is set aside for the wife, and she is to share equally with the children, in case her former health is restored. Provision is made for Walter to attend college.

**RATES SUSPENDED**  
COLUMBUS — The state public utilities commission today suspended for 120 days from August 1 the proposed new rates of the Ohio Bell Telephone Co. at Toronto, Jefferson-co. Formal complaint against the new rates have been made by the Kiwanis Club and others. The new rates were to have become effective September 1. Hearing on the protests was set for October 16.

**RECOUNT DEMANDED**  
COLUMBUS—Benjamin Meek, defeated by 22 votes for the Democratic nomination for Judge of the common pleas court of Crawford-co, today petitioned the state supreme court for a writ of mandamus to compel the Crawford-co election board to make a recount. The official count showed Charles Gallinger to have received the nomination.

**MRS. MAYME BATES SEEKS DIVORCE FROM HUSBAND**  
Restoration of her maiden name, Mayme Fair, is sought in a divorce action brought in common pleas court Friday by Mrs. Mayme Bates, of Delphos, against Glenn Bates, of Van Wert.

The two were married in Van Wert in 1921. Mrs. Bates charges the defendant with neglect, and further states that he spent his time in idleness and dissipation. The two parted in August 1922, and have lived separate ever since.

**GLIENS FALLS INSURANCE CO.** has declared a 100 per cent stock dividend.

## Watching The Markets

Increase in pig iron production and a boost in prices is expected in the Chicago district. Heavy orders have been received recently.

Studebaker Corp. is expected to reach capacity production in October, President Erskine announces. Automobile sales are increasing.

Sales plan of the Firestone Tire & Rubber Co. is being explained by other tire companies to dealers. Under the plan the tire dealers mark up the price of their balloon tires high enough to pay the cost of the new wheels and rims which are then installed at no extra charge. The Firestone company is the only one making the combination offer at the higher cost.

Seasonal expansion of industry always seen in the fall is now under way, reports indicate. A new high mark in car loadings. This was an increase of 10,690 cars over the previous week. All commodities except coal showed an increase. Smaller shipments of coal and ore have caused the decrease of 87,050 cars over the same week last year.

Activity in the market for M. K. & T. railroad stock is explained by a statement issued by a New York Brokerage firm. The common stock is being purchased by interests close to the banking management.

Matthew Addy Co. has reached an agreement with its creditors whereby financial difficulties will be eliminated. The company sells pig iron, coke and coal.

Federal Reserve reports indicate that member banks are finding more use for their funds as reserve credits decreased \$12,927,000 last week.

St. Paul will probably consider the refunding of its heavy obligations, which fall due next year, some time in November or December.

Coca Cola reports net income of \$2,242,039 for the second quarter of the year. This is equal to preferred dividends and \$412 on the common stock. It is a slight decrease over the income for the first quarter.

Anaconda has opened a very rich vein at its Butte, Mont., plant. It is said to assay 40 per cent copper and 12 ounces of silver per ton of ore. The company, while net income is increasing, is not expected to declare dividends in the near future.

American Beet Sugar has purchased 6,000 acres of land at Oxnard, Calif., at a cost of \$1,000,000. A plentiful supply of beets for its plant at that place is expected from the tract.

B. & O. has ordered 80 cars from the Standard Steel Car Co. They are of standard type and will be used in the east.

Total telephone operating revenues for last year were \$71,435,856. Operating costs were \$47,546,845, net income was \$16,287,862 and dividends were \$135,208,108.

**GLIENS FALLS INSURANCE CO.** has declared a 100 per cent stock dividend.

## FAITH PREACHED BY COOLIDGE

## NATIONS LEAGUE IS OLD STORY

Dates Back Four Centuries, Research Bureau Finds

### INDIANS HAD COVENANT

Remnant of Red Men's Organization Still Exists

WASHINGTON — (By Associated Press) — The Iroquois Indians beat the League of Nations to it by four centuries. That is what J. N. B. Hewitt of the Bureau of American Ethnology of the Smithsonian Institution has discovered thru research of the "League of the Five Nations," which held sway in the New York country when America was young. He has just returned to Washington from further investigation of the organization, of which a remnant exists today in the province of Ontario and the state of New York. As the Indians of old left no written records, Hewitt had to depend on tradition, as embodied in ritual, for his main source of information. So far as the present is concerned, 6,000 Indians at Brantford, in Ontario, keep alive the league, under arrangement with the Canadian government, and three small reservations in New York state more or less closely follow the old league regulations. These are the Onondaga reservation near Syracuse, with 565 Indians; the Tuscarora reservation, near Akron, with 329 Indians, and the Seneca reservation, near Lewistown, with 376 Indians.

Judging this picture, the only way to play tennis comfortably is to get dressed for swimming. It seems to give pep to the game, as witness Ethel Rowie jumping over the net after a hot set on the courts at Mont Kiemo, Me.

### J. W. DAVIS STARTS ON WESTERN TRIP SUNDAY

NEW YORK—With his Wheeling, W. Va., Labor Day speech practically completed, John W. Davis, the Democratic presidential candidate, turned his attention today to matters of campaign organization and finance before the start of his western trip Sunday. In making what will be the first real invasion of the west, Davis does not propose to conduct what is generally referred to as "a swing around the circle." He will base himself upon Chicago and make successive trips to speak in those cities which have been or will be included in his itinerary. The nominee will be accompanied westward by several of his closest advisors, among them Senator Key Pittman, of Nevada, who has had charge of arranging the details of the speaking itinerary, and Cordell Hull, former chairman of the Democratic national committee.

### Piles

Can't Be Cured from the Outside. External treatments seldom cure Piles. Nor do surgical operations. The cause is inside—bad circulation. The blood is stagnant, the veins flabby. The bowel walls are weak, the parts almost dead. To quickly and safely rid yourself of piles you must free the circulation—send a fresh current through stagnant pools. Internal treatment is the one safe method. Ointments and cutting won't do it.

J. S. Leonhardt, M. D., a specialist, set at work some years ago to find a real internal remedy for piles. He succeeded. He named his prescription, HEM-ROID, and tried it in 1000 cases before he was satisfied. Now HEM-ROID is sold by druggists everywhere under guarantee. It is a harmless tablet, easy to take, and can always be found at Hunter's Drug Store, who will gladly refund the purchase price to any dissatisfied customer.

# ECONOMICS ARE BIG GUNS

Issues in Presidential Campaign Are Defined

CANDIDATES ARE QUOTED

Varying Views of the Three Nominees Given

By PAUL R. MALLON  
WASHINGTON — (By United Press) — The three presidential candidates have set up domestic economic issues as the "big guns" of their campaign.

The weapons chosen practically disregard matters of foreign relations which have been uppermost in the last few presidential campaign fights.

Believing that the people of the nation are more interested in the price of bread than in the back of the neck in Omaha than they are in the League of Nations or the world court, each of the candidates is setting forth a different method of establishing prosperity as the basis of his plea for votes.

The following compilations of the varying views of President Coolidge, John D. Davis and Robert M. La Follette, as expressed by them in their own words, at one time or another, is presented in an effort to enable voters to ascertain the difference between the candidates.

The expressions of President Coolidge and Davis are taken chiefly from their recent acceptance speeches which were written to provide a documentary basis for their campaigns. The La Follette quotations are from his "acceptance address," read by his son to the conference for Progressives.

Political Action, which placed his candidacy before the people by its endorsement, and other recent statements and speeches. Here is how they stand:

## TAXATION

Coolidge — "I believe in a reduction and reform of taxation and shall continue my efforts in that direction. The finances of the nation have been managed with a genius and success unmatched since the days of Hamilton."

Davis — "The Mellon tax bill was a measure to favor the few, and Democratic Initiative is responsible for the present law."

La Follette — "I denounce the Mellon tax plan as a device to relieve multi-millionaires at the expense of other taxpayers, and favor a taxation policy providing for immediate reductions upon moderate incomes."

## TARIFF

Coolidge — "By means of a protective tariff we have saved agriculture, labor and industry from the menace of having their home market destroyed thru the dumping on it of a flood of foreign products."

Davis — "The exorbitant rates of the present tariff law must be wiped out, and in their place must be written a statute designed primarily to raise revenue for the support of the government and framed on a truly competitive basis."

La Follette — "Drastic reduction of the exorbitant duties on manufactures provided in the Fordney-McCumber tariff legislation."

## FARM RELIEF

Coolidge — "I want agriculture and industry on a sound basis of prosperity and equality. I propose to appoint a commission to investigate and report measures to the Congress in December that may help secure this result which we all desire."

Davis — "In times when general and widespread distress has overtaken him (the farmer) every power which the government employs under the Constitution shall be exerted to his aid."

La Follette — "I favor prohibition of gambling by speculators and profiteers in agricultural products; reconstruction of the Federal Reserve and Federal Farm Loan systems; calling of a special session of Congress to pass relief legislation; reduction of freight rates to pre-war levels."

## LABOR

Coolidge — "Republican rule has raised the wage-earner to higher standards than he ever occupied before anywhere in the world."

Davis — "The right of labor to an adequate wage, the right to organize to obtain it and to bargain for it collectively must not be impaired either by injunction or by any other device."

La Follette — "I favor abolition of the use of injunctions in labor disputes and declare for complete protection of the rights of farmers and workers to organize and bargain collectively."

## RAILROADS

Coolidge — "I favor the American system of individual enterprise and I am opposed to any general extension of government ownership and control."

Davis — "It is quite as important to the railroad that the farmer should prosper as it is to the farmer that the railroad should be adequately paid for the service they render."

La Follette — "I favor repeal of the Esch-Cummins railroad law and the fixing of railroad rates upon the basis of actual prudent investment and cost of service."

## POLICEMAN SUSPENDED

SANDUSKY — Police Sergeant Le Scheffley, held to the United States grand jury for illegal possession of liquor suspended from city police force.

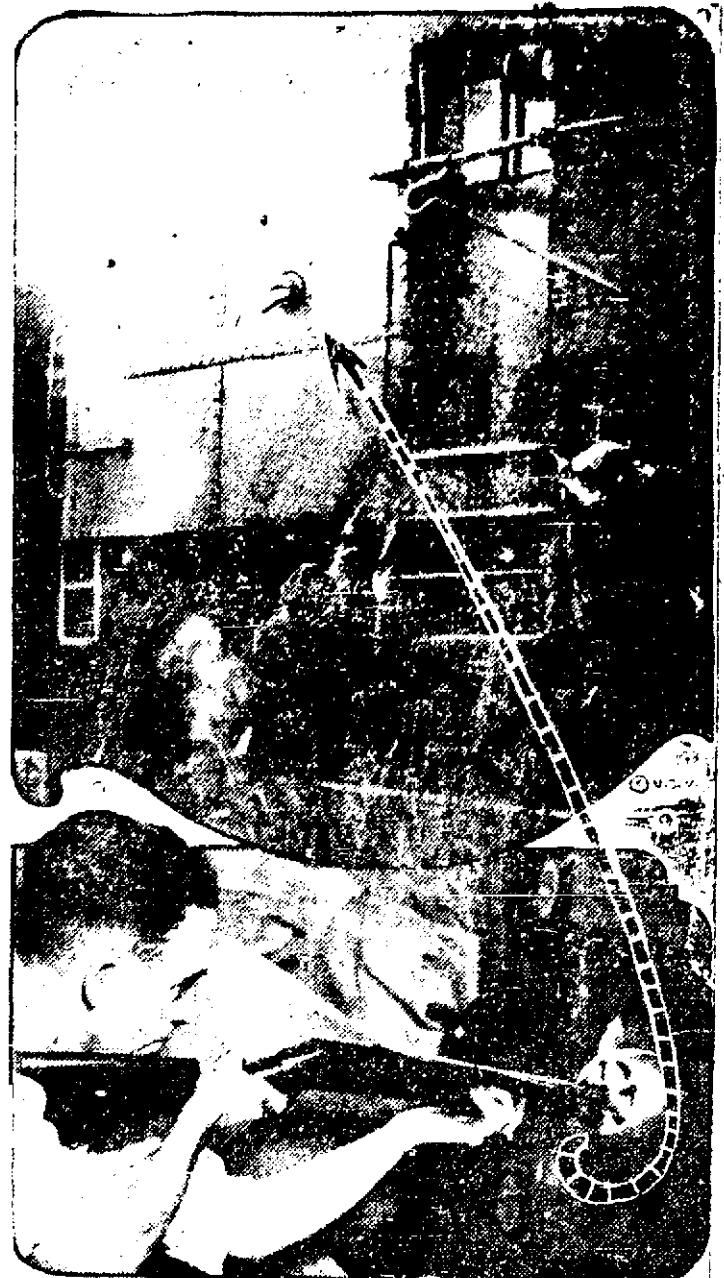

## GIRL FATAALLY BURNED

CANTON — Burns received in a gasoline explosion at her home caused the death of Ruth Kropf, 17, living three miles southwest of here.

## WOMAN HANGS SELF

CINCINNATI — Mrs. Laura Jones, 43, committed suicide by hanging. Dependency over inability to rent a number of flats she owned is thought to have caused the act.

## BANDIT-PROOF MAIL CAR

If the bullet-proof armored mail-car, tried out by postal authorities on the New York Central tracks near Rochester, N. Y., becomes popular, mail-train robbers will have to seek less hazardous work.

As the "bandit" stormed the train, an automatic magnesium flash, released from within, flooded the countryside with light and dazzled the hold-up men.

They kept blazing away, without making even a dent, until a mail clerk, safe from exposure, opened fire with a riot gun controlled thru a special universal joint and routed them post haste.

## FAMOUS RUSSIAN ARTIST

SOJOURNS IN FINLAND

KUOKKALA, Finland — Almost forgotten by a world that once adored him, Ilya Repine, one of the foremost Russian painters of his generation, recently celebrated his eightieth birthday. He is living in seclusion here, nursed by his daughter.

It was Repine who, back in 1869, led the revolt against the Petersburg Academy of Art, which had become thoroughly stagnant and unwilling to accept any new ideas. He organized a secession movement known as "The Wanderers," from the fact that the group of painters who seceded took their exhibition from city to city. Their slogan was life, truth, movement, and freedom in the use of color.

Repine turned exclusively to Russian national themes. Russian sagas and fairy tales often supplied the theme. He was at

so fond of depicting the life of the submerged masses of Russia with a realism and fearlessness which would have landed him in jail had he not been so prominent.

## SHANGHAI EXPORTS TO U. S.

SHOW DECIDED INCREASE

SHANGHAI — Declared exports from Shanghai to the United States in the month of May amounted to \$2,654,658 and for the first five months of 1924 to \$15,954,931.

The principal articles exported were wool and kid skins, cotton yarn and embroidery, raw silk and crude camellias. Gold bars to the value of \$48,762 were exported to the United States in the five-month period.

## MANY CASES WILL BE ON DOCKETS OF COURTS

Dockets for the September terms of common pleas court and court of appeals are being prepared in the office of John T. Cotner, clerk of courts, preparatory to reopening of court next month.

The court of appeals docket will contain about 40 cases from Allen, several of which are long pending, and the common pleas docket will contain approximately 10 cases, about one third of which are divorce matters.

## HALF MILE ROOM UNDERGROUND

Magnificent Cave in New Mexico Described

### EXPLORERS ARE STARTLED

Cavern is Among Largest in the World

ALBUQUERQUE, Texas — (By Associated Press) — Dangling at the end of a wire rope 170 feet into the underground home of many thousands of bats, the governor of the largest state in the Union and the governor of an adjoining state recently explored the great Carlsbad cave, discovered not long ago in the Guadalupe mountains of southeastern New Mexico. The only means of ingress is a steel bucket, which holds two persons if they are not too fat. The two governors, Pat McClellan of Texas, and J. F. M. Smith of New Mexico, went down separately.

The cave is among the largest in the world and presents many marvels. From prehistoric times it seems the bats have made their homes here amid the striking underground scenery. For several years large quantities of guano have been shipped from the cave.

At dusk the bats begin to leave the cave for their night of foraging. For about three hours the winged stream resembles smoke pouring from a smokestack. In the early morning they return, folding their wings when in mid-air above the opening of the cave and dropping down into the shaft like a plummet.

The opening of the cavern is in New Mexico but the cave itself extends into Texas. The cave has not been fully explored and its dimensions are not known. It is believed to go down 800 feet below the surface. The ceilings in some places are so high that a person standing on the floor cannot see them even with strong torches.

At the entrance 700 feet below are three large rooms. The biggest is called Shinarump. It is a room of a kind of Navajo Indian mythology. The smallest is 160 feet long by 140 feet wide. The largest has not been measured. The three are decorated with paintings of animals and human figures.

Still another big room farther on is more than 100 feet long. The stalagmites rise from the floor like great white mountains, and the glittering sides and ceiling resemble the banquet room of a mythical king.

### WILL FINANCE FIRMS TO DEFEAT FOOD PROFITEERS

DE BUTTE — The cost of living in the state continues to be higher than in Great Britain or in Ulster. This affects the wage question and workers resist reductions in wages till the prices of food have been lowered.

The government has been for months pressed in the Dail to deal drastically with profiteers. The farmers complain that they are getting low prices for their products sold at high prices in the cities and towns. Food control and fixed prices were advocated.

The government plan for reducing prices has just been announced, and will be embodied in a bill to be submitted to the Dail. It provides for competition with the profiteers by lending money to organizations willing to go in to business against them. The banks are to advance the necessary capital and the state guarantee the principal and interest. The loans will be given only on condition that the recipients undertake to sell at prices below the average retail prices.

Suit to marshal liens held by various creditors against property of H. B. Johnson and Lillian Johnson in Lima was filed by the Commercial Bank of Kenton in common pleas court Friday. The plaintiff represents that the judgment for \$370.31 was handed down against the defendant but that the amount has not been paid.

### HAY FEVER KEPT VANCE MILLER UP FOR MANY NIGHTS

Kearns-Gorsuch Employees, of Zanesville, O., Praises Kerker Asthma and Hay Fever Remedy

"After taking one bottle of Kerker's Asthma and Hay Fever Remedy, my hay fever has given way and I can now get a sound night's sleep," is the jubilant statement of Vance Miller, an employee of the Kearns-Gorsuch Glass Co., Zanesville, O., but whose home is at Gouster, Ohio. "I had the hay fever for six years and suffered everything with my inflamed eyes. I sneezed very often and many nights could not lie down. Sleep was out of the question. The Kerker Remedy brought the desired results for me. It surely does all claimed for it."

Kerker's Asthma and Hay Fever Remedy, made by Kerker Medicine Co., Zanesville, O., is sold by Green's Public Drug Store, Lima, and prominent druggists everywhere.

### TELEGRAPH POLES SAVED BY INGENIOUS METHODS

STOCKHOLM — An ingenious method to save telegraph poles from rotting has been successfully tried here. Before being planted the poles are drilled longitudinally with a small center hole, and then the opening at the bottom is plugged. This hole runs to a point about one foot above ground when the mast has been set up. The pole erected, a small side hole is drilled, slanting one foot above ground to meet the center hole. Creosote oil is poured in the center hole and the outside opening closed. Linemen refill from time to time.

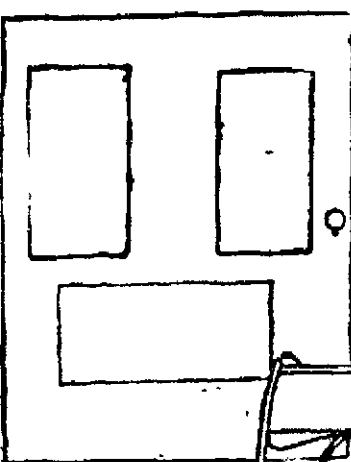

### LOTTERY PAYMENTS

PULSNITZ, Germany — Creditors of a local firm have been advised that every Saturday night all bills which are due will be put into a revolving wheel, and the ones which come out first must be paid. This system will be followed until all claims are liquidated.

### KILLED IN CRASH

COLUMBUS — Charles M. Bryan, 63, London, died in hospital here of injuries received when he was struck by an interurban car near LaFayette while endeavoring to push a stalled automobile off the tracks before the traction car struck it.

American Sea Fighters Arrive in Harbor at Shanghai

### PROTECT U. S. INTERESTS

General Civil Conflict Throughout Country Threatened

SHANGHAI—(By United Press)—Threats of general civil war between rival Chinese leaders grow to serious proportions today.

General Wu Pei Fu leading one of the factions, announced that he has employed a squadron of airplanes piloted by American and British aviators and that the machines will leave Shanghai for the front during the day.

Meanwhile Gen. Lu, rival warlord, was doing his utmost to recruit other British and American pilots and it was generally believed airplanes may prove a decisive factor in the fighting believed to be imminent.

A fourth American warship arrived in the harbor today to protect American interests.

There has been no actual fighting between the rival armies up to this morning, but travelers arriving from Quinsan, where the troops are separated only by a narrow line along the railway, said that hostilities will not be long postponed.

**BATTLE LINE**—The actual battle line, it was indicated, will be within three miles of Shanghai and both sides will make every effort to gain control of the city.

It is not believed the foreign colony is in danger, however, as a number of British, American and Japanese warships are in the harbor.

One thousand Russians, most of them world war veterans, have been enlisted in the Shanghai-Chinese-Kiang army.

The foreign and Chinese chambers of commerce both have brought all pressure to bear to restore peace and today sent envoys to the rival warlords urging them to attempt to reach an agreement.

American steamers have been warned by Chinese forces that the outbreak of hostilities is imminent.

**SHIPS SUMMONED**—Additional American and British ships have been summoned from Chifoo as it is considered almost certain there will be fighting in the city. There are more than sixty thousand troops in the Quin San District, 30 miles out of Shanghai.

The foreign and Chinese chambers of commerce have met together for the first time in history yesterday to plan protection for the city and devise a scheme for creation of a neutral zone. Thousands of Chinese already are fleeing into the country.

Fleets of the rival leaders both are steaming toward Shanghai, one from Foon Chow and one from Nanking. It is believed there may be a naval engagement during the day.

**BEFORE CABINET**—WASHINGTON—(By United Press)—The cabinet went into session with President Coolidge today to consider the growing gravity of the Chinese civil situation.

Secretary of State Hughes is understood to have presented reports from American Charge D'Affaires here that war is threatened near Shanghai-Nanking region of China where there are many Americans.

American business interests are suffering with the tie-up of the Shanghai-Peking railroad.

The 3,000 Americans in Shanghai include more than 1,000 women and children, many of them connected with American missions are believed to be safe, according to reports received in Washington.

Americans have mobilized with other members of the foreign quarter into the municipal volunteer corps. This corps together with the special police of the quarter are considered adequate to protect foreigners in the city.

**BERLIN SUBWAY MANAGER**—LIKES NEW YORK PLAN—BERLIN—(The speed and snip of the New York subway service impressed me more than the much heralded skyline," declared Herr Pawel, general manager of the Berlin underground railways, after his return from a trip thru the United States. The close sequence of the trains and the rapidity with which they were operated during the rush hours, the calm and the discipline of the crowds, jamming the stations, surprised him too.

Even the turnstiles made a bit with Herr Pawel, who, in a newspaper article, contends that attempts of New Yorkers to clean the subway during the rush hours, the calm and the discipline of the crowds, jamming the stations, surprised him too.

## EVEN RUSSIANS ARE SICK OF WAR!

They are tired of war even in Russia. Here is a gigantic peace demonstration, in which thousands participated, being staged on the streets of Moscow. The big banner in the foreground reads "Down With the World War."

## WOMAN BANDIT EXECUTED

Death Results When Body is Sliced to Pieces

SHANGHAI—(By Associated Press)—"Old Mother" Djao, head of the most notorious and bloodthirsty bandit forces of Shanghai, ever produced, has been executed at Ichow in Shanghai, according to reports received here by mission organizations.

Chinese justice added that the bandit, a woman, had been executed by hanging, the Chinese, or in English, the slicing process.

Forty-seven years old and an expert horsewoman, "Old Mother" Djao led a band of several hundred bandits who terrorized a broad area. It is related of her that last summer she planned an attack against Ichow after calling to her aid two added groups of bandits. They had assembled at a place near the village of Ba-chang, where a homestead of village known as the "Big Knife Society," apprised of their purpose, attacked them and suffered under defeat.

The villagers were driven back into Baichang and the bandits followed them. Then the gates of the village were closed and a man was shot down. Sixty women and children then were lined up, and "Old Mother" Djao was asked what to do with them. Her orders to kill them all were carried out with the result that every man, woman and child were within the walls after the gates had been closed was slain. Even the cattle and dogs of the village suffered the same fate.

Lug-chia is simply vivisection done by experts in such a manner that the victim survives in a terrible ordeal.

**FORMER SUPERINTENDENT OF SCHOOLS MARRIED**—DELPHOS—The marriage of Samuel Clarence Warner, former superintendent of Delphos public schools, who left this city last spring, was announced by the mother of the bride, Mrs. Mary Frazier, Delphos, Thursday afternoon.

The ceremony of the marriage of Miss Mary Catherine Lenhart to Warner took place on Monday, Aug. 28, and was witnessed only by the immediate relatives of the bride.

Mrs. Warner is an accomplished musician, having taught and played the organ in several churches. She has been employed at the Munson Music Co. for the past seven months.

Warner is the son of Stephen D. Warner of Tiffin, O., and is a graduate of Tiffin high school, class of 1911, and Heidelberg University, class of 1914. He is a member of the Delphos High School and has been elected as instructor of mathematics in the Troy High school. He is a veteran of the World War, having served 13 months as clerk at the Central post office of the American Expeditionary Forces.

Mr. and Mrs. Warner will make their home in Troy.

**FINAL CONCERT**—DELPHOS—The last band concert of the season, given by the Eagles band at the Waterworks park, Thursday night, was attended by more than 2,000 people, and was one of the most successful events of the summer months. Two judges of the city held plenary Thursday afternoon and evening, and two family reunions were held.

## Women Barbers To Learn Fate In September

Death Results When Body is Sliced to Pieces

INDIANAPOLIS—The outstanding question to confront delegates to the convention of the Journeymen Barbers' International union when they assemble here Sept. 9 is—Shall women be admitted to the ranks?

For 15 years women have sought to become members, according to Jacob Fischer, secretary, but the vote has always been against them. But with women customers flocking into the shops for boys, union officials admit that a decision will be more difficult at this convention.

**YOUTH IN JAIL**—MINSTER BOY DETAINED PENDING RESULT OF SHOOTING

WAPAKONETA—(Special)—Twelve-year-old Arthur Barga, Minister youth, is being held in the detention rooms of the Wapakoneta Jail, while Paul Somers, 12, jinxer near death, suffering from the effects of a gunshot wound in his left shoulder.

The Barga boy inflicted the wound Tuesday afternoon and Wednesday the affair was reported to juvenile authorities.

According to the story told by the Barga boy, he was at home with some neighbor children when the Somers boy came to the Barga home and Arthur ordered him to leave and when he refused to do so he secured his father's shotgun, placed a shot in it and accidentally pulled the trigger.

**NEW PAVING ON MAIN-ST RAISED BY CONTRACTOR**—A small section of brick paving between street car tracks at the intersection of Main and High streets had to be taken up by contractors Friday and raised slightly.

It was explained at City Hall that the pavement has been laid on "green" concrete and that the necessity of opening the crossing too soon had caused a slight depression. The work will be finished by evening, it was said.

## WHEELER AGAIN HITS AT "GANG"

Renews War on Daugherty Men in Office

### REPLIES TO GEORGE REMUS

Bootleg King Repudiates His Story to Investigators

WASHINGTON—(By Associated Press)—Senator Wheeler of Montana, prosecutor of the Daugherty committee, and LaFollette, candidate for vice president, today publicly renewed his war on "the Daugherty gang" in public office.

In a formal statement Wheeler dealt at length with an affidavit said to have been made in Atlanta penitentiary by a close friend and political associate of Harry M. Daugherty. The incident makes it clear that President Coolidge still has some housecleaning to do because some remnants of the Daugherty gang are still in office under the federal government.

Testimony before the investigation, "disclosed that the present warden of Atlanta penitentiary is a close friend and political associate of Harry M. Daugherty. The incident makes it clear that President Coolidge still has some housecleaning to do because some remnants of the Daugherty gang are still in office under the federal government."

According to information reaching Senator Wheeler and other members of the Daugherty committee, the new Remus affidavit directly repudiated Remus' testimony that he had paid about \$250,000 to the late Jess Smith, Daugherty's companion, for protection from prosecution. On the contrary Remus said in the affidavit he never met Jess Smith or communicated with him directly or indirectly. Testimony to the contrary, it is added, was also given before the committee in the belief that it would aid him to secure his release from prison.

**WHEELER'S STATEMENT**—Wheeler's statement described in some detail the circumstances under which Remus' original testimony was adduced.

"The committee," he said, "got several anonymous telegrams which in my judgment Remus himself sent during the hearings, demanding that he be called as a witness and suggesting that he had valuable information. We sent an agent down to see him. He volunteered to come. That any promises were made to him of any kind is absolutely untrue, and of course the assertion that either Chairman Brookhart or myself had any influence that would enable us to offer pardon, considering our attitude toward the executive branch of the government, is and was highly amusing."

The senator said that before Remus had left the witness stand, information reached the committee which led it to proceed very cautiously in its further relations with the witness, who shortly afterward was returned to prison.

In another statement today Senator Wheeler reiterated that he was ready to go on trial at any time fixed by the prosecution on indictment pending in Montana, charging improper legal activities after his election to the senate.

**WOOD BLOCK PAVEMENT SLATED FOR CROSSING**—Paving of the Pennsylvania crossing on N. Main st with wood-block has been assured by the officials of the utilities. City Manager C. A. Bingham was advised Friday.

The railway company plans to tear up the old pavement, place a new pavement and eliminate the hazards that have existed at that crossing for years.

**\$15,000 DAMAGES ASKED OF RAILROAD IN SUIT**—OTTAWA—Damages in the sum of \$15,000 is asked of the Baltimore and Ohio railroad by Charles L. Cramer, of near Fort Wayne, Ind., in a suit filed Friday in common pleas court.

Cramer, in his action, says that he was accompanying a carload of poultry which was being shipped from South Whittier, Ind., to Buffalo, and that when the car reached Lehigh Junction, it was set off on a spur of the Nickel Plate road.

It was while the car was there that a cut of cars from the Baltimore and Ohio crashed into the poultry car, injuring him, he says.

# RICHMAN'S CLOTHES

## ALL

Suits  
Topcoats  
Overcoats

# \$22.50

We Have Only  
The One Price

You have the unrestricted choice of any Suit, Topcoat or Overcoat in our store for \$22.50. We do not offer you a few garments at a low price and induce you to pay more—we have nothing higher priced than \$22.50. Every Suit and Topcoat in our store is strictly all-wool, free from cotton, shoddy or wool substitutes.

In buying Richman Clothes you deal direct with the maker, and you pay but one small manufacturing profit. We eliminate absolutely the jobber and retailer—and you positively save the middleman's profit.

Richman's national reputation and success has been built by honest business methods, and the confidence of the public in our fundamental principle of selling the clothes we make direct to the men who wear them, eliminating all middlemen. Richman's Clothes are only sold in our own stores and by mail—They're not sold to dealers who must add their expense of doing business and their profit to the cost of the clothes. The tailoring of Richman's Clothes will please and satisfy men who are accustomed to paying \$50.00 for clothes—there is no difference in the style and fit, and we tailor as well. The difference is in the great number we make and our direct "from the factory to you" selling method.

## Richman's Lima Store Opens Saturday, August 30th

The Lima "NEWS" Introduces "Richman's Clothes" to the Men and Young Men of Lima---Come In---Get Acquainted

Lima, we are ready—our show windows are trimmed, our store is ready to the last detail, spick and span. Thousands and thousands of fine all-wool suits, top coats and overcoats are here. Yes, we have prepared for you—come in. The tailoring of our clothes is not alone beautiful to the eye, but it is lasting and serviceable; our coats will always fit snug at the collar, the edges will never curl or pucker; the lapels will fit the same after three years' wear as they do the first day. They are tailored to give years of service, and to please men of all ages and all proportions—from the young man of 16 years up to the extra large man of 48-inch chest measure.

Since 1879 we've been making good clothes in Cleveland. The experience of almost half a century in the manufacturing of Clothes, the employment of immense capital and the efficiency of one of the best industrial organizations in the country are united in making Richman's Clothes. Yes, we have always made good Clothes. Year after year, our business has grown from a small beginning to the enormous volume we now make and sell direct to you. We stand ready to replace with a new garment or to refund the money for any Richman garment that does not give satisfactory service. Keep in mind, please—Richman's Clothes are all one price—\$22.50, and that, you positively save the Middleman's profit, which in itself is a saving worth your consideration.

## NEW STATUES TO GRACE CAPITAL

Dozen Memorials Under Way at Washington

TEN TO BE UNVEILED SOON.

"George Washington of Argentina" Heads List

WASHINGTON — (By Associated Press) — Plans for erecting nearly a dozen new memorials in the nation's capital, already noted for its statuary, are now under way. Congressional sanction has been given for ten to be unveiled in the near future.

The statue of General San Martin, termed the "George Washington of Argentina," soon to be officially presented by the government of his country to America, has arrived in Washington.

Methodists are making preparations for a memorial to Francis Asbury, one of the country's earliest ministers, which will be unveiled in October. The plans of the battle field of the Civil War will have a monument to their memory here, thanks to the efforts of the Ladies' Auxiliary of the Ancient Order of Hibernians. "Heroes that sacrificed their lives that women and children might be saved, in the tragic catastrophe of the sinking of the Titanic" will be honored in a memorial which will overlook the Potomac River. Mrs. Harry Payne Whitney, who recently executed the Buffalo monument, will design this monument. A figure with outstretched arms will symbolize the memory of the ship which the Women's Titanic Memorial Association seeks to perpetuate.

### HONOR TO YANKS

The First Division memorial, commemorating men of the American Expeditionary Force that fighting organization, has already been erected south of the State and War Department building and will be unveiled in October. A memorial to President Buchanan is to be erected in Meridian Hill Park. Serenely, a gift of Charles Deering of Chicago, is among Washington's future pieces of statuary. A Navy and Marine memorial is in process of preparation.

A memorial to John Ericsson, inventor and constructor of the Monitor of Civil War fame, is to be raised south of the Lincoln Memorial. The state of Pennsylvania is pushing plans to erect a memorial to the memory of Major General George Gordon Meade, commander of the army of the Potomac.

### U. S. TO ESTABLISH RADIO STATION IN FAR NORTH

NEW YORK — Reports from 23 countries representing one-third of the population of the world, compiled by G. J. Drolet, statistician of the New York Tuberculosis Association, indicate that in the last 43 years more than 13,000,000 people have died from pulmonary tuberculosis, according to a statement issued today by the association.

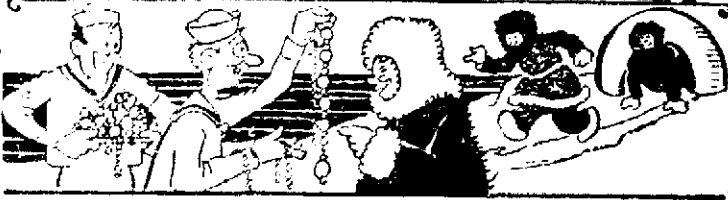

In practically all of the countries studied the death rate from tuberculosis is declining, with the exception of Japan where there is a marked increase. The central European countries showed an increase during the war, but so far as figures are available since the war there has been a decline. At the present time, however, the death rate in Germany seems again to be mounting.

In the United States the death rate from tuberculosis has steadily fallen from nearly 200 in 1880 to 97 for each 100,000 of population in 1922.

### SMALLER FISH

DANZIG — Baltic Sea fishermen declare that the fish of these waters are becoming smaller. It has been particularly among the herring and other fish caught this summer for the German and Baltic states markets. Scientists have begun an investigation to ascertain the cause of the shrinkage in size.

## WILL THESE GOBS CLEAN UP?

Two Gobs Getting Set For Shopping Trip In Northern Waters.

IN NORTH ATLANTIC — (Special) — Uncle Sam has the pleasure of being host to an unusually large number of high financiers who are lucky enough to be able to pass the hot months in arctic waters. Among the five U. S. destroyers guiding the way for the many round-the-world fliers, there are hundreds of financial wizards who have visions of cleaning up.

And clean up, they probably will, but nothing more than the decks.

In lockers of sailors aboard the destroyers is a world collection of cheap necklaces, beads, candles, harmonicas, gum drops and ukeleles. The sailors hope to swap these with natives of the

far-north for sealskins, silver fox and perhaps a bearskin or two. But opinion differs as to the probable outcome of the trading mania. Some folks are cruel enough to suggest to the natives have become trading sharps. They mean to know what the word "short-change" means without looking it up in a dictionary. And they know that a \$20-bill wasn't intended to light cigars with.

There is just one chance for the traders, it is said. That lies with the gum-drops. Beads, etc., do not mean a thing to the natives any more, but they cannot resist the lure of a gum-drop. A gum-drop will make an eskimo forget his religion manners and even culture.

## RUSSIAN CHURCH TROUBLE BREWS

Valuable Property Involved in Controversy

JERUSALEM — (By Associated Press) — As mandatory power for Palestine, Great Britain probably will be called upon soon to decide whether title to the vast properties of the Russian Church in this country shall go to the Soviet government, or to Russian Church interests outside of Russia.

The controversy involves hundreds of thousands of dollars of property in Jerusalem and vicinity, as well as Bethlehem, Nazareth and Haifa, consisting of churches, monasteries, hospices, parks and other valuable plots of land. One of the churches is in the Garden of Gethsemane and another on the Mount of Olives.

The Metropolitan Antonin, head of the Holy Russian Synod in Palestine, has arrived here in connection with the case. He is an announced czarist and believes his faction will secure title to these holdings.

In connection with the Soviet's claim, the interesting question arises whether the Soviet can divorce the church from the state and yet claim property belonging to the church.

### SYNAGOGUE IS WRECKED BY EXPLOSION OF BOMB

BUCHAREST — The Jewish synagogue in the village of Zapesti near Arad, recently was destroyed by the explosion of what authorities said was an infernal machine. Owing to the fact that the explosion occurred at an hour before the time for services there were no casualties, none of the worshippers having entered the place.

From the investigation made it was ascertained that the bomb went off prematurely.

There is a large Jewish population in Zapesti and Arad and the placing of the bomb in the synagogue is believed to have been an act of anti-Jewish agitation.

## LANG PLAYED FOR TRIP WITH COMPANIONS TO U. S.

MUNICH — Anton Lang, the famous Christ actor of Oberammergau, and his companions on the recent visit of these village players to the United States, have not been given a very warm welcome by their townfolk.

There is criticism of the small

amount of money brought back as the result of the trip, arranged originally to raise funds for the needy ones of the community, and the proposal that any of the money be used to erect a monument commemorating the visit has been assailed, according to a dispatch to the Weser Zeitung.

Lang's enemies charge that he permitted himself to be duped while in the United States.

## Link after link

Franklin plucked a zigzag of Lightning out of the sky. Bell linked it up with a bit of wire and gave the human voice more power than the thunder. Now scientists, discarding the wire, hurl one voice--undiminished--in countless radii across the world.

Each day the ingenuities of men are bettering, strengthening yesterday's progress. In foods, clothing, house-furnishings, inventions, minds are adding link to link--trying to lift you closer to contentment.

Each day, records of this progress flash in advertisements before you. They are personal, timely messages of products that will please.

The advertisements suggest not only the new--but the best; spread them out honestly before you so that you can conveniently choose. They show you highest values at sensible cost. They help you to live better -- and save.

Read the advertisements to learn of the latest ways you can make your life more pleasant.

Keep up with the advertisements to keep pace with progress

# GIVEN SENTENCE OF DEATH

## Former Russian Official Convicted of Many Charges

### DRAMATIC TRIAL ENDED

#### Stay of Execution Ordered to Allow Appeal

MOSCOW — (By Associated Press) — The trial and conviction yesterday of General Boris Savin, a former Russian official, was probably the most dramatic that has been witnessed since the revolutionary era.

Savin, former military governor of Petrograd and assistant minister of war in the Kerensky cabinet, was sentenced to death on a multitude of charges growing out of his seven years' service against the Soviet regime.

A stay of execution was ordered, however, to allow an appeal for revision to the executive committee, as Savinoff acknowledged his guilt and expressed a desire to support the Soviet government.

The case was reported by the government as important to its prestige.

There was neither prosecution or defense, but every detail was dramatic and thrilling. Savin, himself a revolutionary, orator, the assassination of Prime Minister Plehve and Grand Duke Sergius, which gave the first signal for the Russian revolution. He was responsible for the advance of the Russian army in July, 1917, after the Bolshevik revolution he assumed leadership of the anti-Bolshevik forces and organized the Yaroslav rising which ended in the demolition of the town with considerable bloodshed, as well as numerous risings in Siberia and Kamchatka. He raised an army to defend the constituent assembly in Samara and directed activities against the Bolsheviks from Poland. All of this Savinoff acknowledged. Speaking with emotion, he said to the court:

"I know your decision beforehand. I don't value my life and I am not afraid to die. I recognize my guilt, but they were all involuntary as I never sought anything for myself."

### C. G. DAWES SPEAKS AT LINCOLN TONIGHT

LINCOLN, Neb. — Charles G. Dawes came to his old home today to be received during the morning and afternoon, not as the Republican vice presidential candidate, but as a former resident and friend. Tonight at the University of Nebraska stadium he will make his appearance as the candidate for the second highest office in the nation and is scheduled to begin speaking at 8 o'clock, Central Standard time. The address will be broadcast.

Entering the stadium tonight, the Dawes party and the reception committee will parade around the half-mile track while a community song fest will sing "God Bless America."

## Giant Airship Is Erected in Germany—American Flyers to Cross Ocean—Perfect Airship Is Sought—Ocean Route Charted

### THE Z R 3 IN FIGURES

LENGTH—656 feet.  
DIAMETER—90.66 feet.  
HEIGHT—101.68 feet.  
WEIGHT—55,190 pounds.  
TOTAL LIFT—180,000 pounds.  
GAS CAPACITY—2,472,000 cubic feet of hydrogen gas.  
PASSENGER CAPACITY—Will carry at least 20 passengers, with a liberal cargo allowance.  
POWER—Equipped with 4 power cars, each with a 12-cylinder, 400-horsepower, specially designed, Maybach motor.  
CONSTRUCTION—Chiefly duralumin, with some steel.  
WIRELESS—The wireless station on the ZR3 has a radius of 1,560 miles for telegraph and 315 miles for telephone.  
PASSENGER ACCOMMODATIONS—Main cabin close to the hull, underneath the bow. Divided into two sections, the smaller being the control car. The larger division is for passengers, and is divided into five compartments. Each compartment has sleeping accommodations for four persons. Kitchen and pantries are provided for serving meals.  
SPEED—Not less than 75 miles an hour, with all motors running full; or 68 miles an hour with three motors; 63 miles with four motors, 55 miles with three motors.  
RADIUS OF ACTION—With five motors, full speed, 46 hours, 3,500 miles. With cruising speed, 78 hours, 5,250 miles.

BERLIN — (By United Press) — The trans-ocean flight of the new Zeppelin ZR3 may be delayed until next year.

American naval men at the moment are quite uncertain whether the giant ship can be taken across this season.

Men assigned to supervising the work for the American government are, however, being extremely careful that this latest product of German science shall have no flaws. They have remodeled somewhat, in view of experiences taught by the ill-fated Drexelmeier. And they have accepted other suggestions gleaned by American and German experts, so that there shall be no "blame" for the Zeppelin builders subsequently.

The latest delay was caused by the necessity for alternating the crank cases. The builders found that a new composition metal would serve their purposes better. And, at the risk of delay and despite added expense, the designers decreed that the change must be made. Further changes may appear necessary at the last moment.

They hope, with the Zeppelin concern, however, that the flight can be made. September is about the last favorable month for the trip, as nobody desires to gamble with the fickleness of Atlantic weather in the winter.

The German crew which pilots the ZR3 across the Atlantic will know all the tricks Atlantic weather has been able to turn out in the last 25 years.

Thanks to the thoroughgoing meteorological service of the Zeppelin concern, the pilots of America's new craft will have at their fingers' tips all data about high winds, low winds, cross winds, cyclones and fair weather.

CHARTER ATLANTIC WEATHER

Some years back when the Zeppelin concern was piling up money at a high rate, it decided to devote some funds to a meteorological service, unique in the history of scientific research. The service collected ships' logs of all Atlantic carriers, and painstakingly charted the ups and downs of winds and waves and weather over a period of a quarter of a century.

From this survey, the Zeppelins know what to expect off the banks, in mid-ocean, in the English channel and indeed, over any spot of the great ocean at a given time of year.

With this data, Zeppelin pilots long have been put thru a course of theoretical training in what to do under varying conditions. The pilot would be locked in a room, representing a Zeppelin cabin, and with the data before him, would be asked to work out the problem of guiding the craft safely across. He marked on his log amounts of gas outlet, ballast, lightning, motor-power and so on for his theoretical trip across the great dike.

He could have beer and sandwiches during his "trip," but otherwise he stuck to the "cabin" just as tho he were actually battling with the winds over the 3,000-mile stretch.

While theory and practice are vastly different, the men who will take the ZR3 across are all experienced Zeppelins, trained in the dangerous and daring schools of war-times.

Doctor Eckener, chief of the expedition, will be accompanied by Captain Steel, U. S. N., and Commander Kraus. Steele takes over the craft after it lands in Lakehurst, N. J.

CARS JUMP TRACK

CINCINNATI — Three or four loaded freight cars on the Big Four railroad jumped the track between Hartwell and South Hartwell today and went into the ditch. Railroad officials said no one was injured.

# LIMA MAN HELD ON CHARGES

## John A. Drennan Arrested in St. Marys Thursday

John A. Drennan, 63, notary public and sixth ward political leader, 656 S. Elizabeth-st., was arrested in St. Marys Thursday afternoon in company with Mrs. Irene Pierstorff, 27, former Lima girl, on a charge of adultery.

Harry J. Pierstorff, railway trainman, 758 S. Main-st., husband of the woman is the complainant. The warrant was served on Drennan by Chief of Police Ferd C. Miller, of St. Marys.

Pierstorff is suing his wife for a divorce in Allen-co courts, alleging that the woman has a bad temper and has cursed him and called him bad names. He also accuses her of moral misconduct with other men. The two parted on May 10.

Following the separation, Mrs. Pierstorff went to St. Marys to live with her mother Mrs. John Whitehead. She is contesting the action brought by the husband and accuses him of intimacies with other women.

Drennan was arrested by Chief Miller, upon his arrival in St. Marys Thursday. He protested that he came to the town to take Mrs. Whitehead and Mrs. Pierstorff to pick elderberries. The alleged offense is said to have been committed some time ago.

Pierstorff, it was learned Friday, charges that the defendant has been infatuated with his wife for a number of months.

Drennan is said to have left his automobile in St. Marys for security. The case is set down for hearing Sept. 10. The affair is all a mistake, Drennan told St. Marys police, when he pleaded not guilty.

MRS. BRIGHT DIES

Mrs. Rachel Bright, 59, of Spencerville, died Thursday night at City hospital following an illness of several weeks. Funeral arrangements have not been announced.

SEE THE MARDI GRAS SPECIAL ATTRACTION. TRANSFER CORNER. AFTERNOON AND EVENING.

# AFRICAN FRUIT GROWERS ASSISTED BY RADIO IN DETECTING APPLE WORMS

JOHANNESBURG, South Africa — Thanks to the radio, fruit growers will hereafter be able to determine thru the sense of hearing whether apples and other fruits are wormy. Dr. C. K. Brain, professor of entomology at Stellenbosch university, has conducted a series of experiments along this line, as a result of which he has drawn the conclusion that worms and bugs can be detected with certainty by radio.

Dr. Brain's method was simply that of attaching to an ordinary wireless telephone an unusually strong microphone. He took parts of twigs of an apple tree known to be infected with the larvae of the apple worm, and placed them in a box connected with the microphone. Thru the receiver he could distinctly hear the movements of the larvae, as well as the nibbling of the insects at the leaves. Likewise he placed a wormy apple in the box, and the microphone registered the noise made by the worm as he nibbled away at the apple.

A third experiment consisted in detecting the presence of the weevil in corn.

# Pimples

BLOOD impurities are pumped by the heart into the face. That is what causes that grainy appearance, that muddiness, sallowness, pimples, blackheads, acne, red spots, and that impossible "something" which no face cream, massage, or face powder can cover up or beautify! The foundation for beautiful skin simply is not there, and no face treatment can give it to you. But increase your red-blood-cells, and quickly the ruby tint of purity begins to glow in the cheeks, the complexion becomes Venus-like and immaculate! Try it. It will do it every time. S. S. S. builds the red-blood-cells you need for a beautiful complexion. Begin using S. S. S. at once, and give yourself what you have been working for, for years.

S. S. S. is sold at all good drug stores in two sizes. The larger size is more economical.

## WAR DESERTERS PARDONED

Many "Killed in Action," Return to Paris Haunts

GENEVA HARBORS MANY

Amnesty Law Lifts Punishment for Frenchmen

PARIS — The amnesty bill just passed by the Chamber of Deputies is expected to result in a general resurrection of French soldiers who have passed into history as "killed in action" on the field of battle.

Already, though the senate has still to pass on the measure, deserters are crossing the frontier and breathing the air of France for the first time in six years, or more, fine of them, a soldier named Robin given up for dead after the battle of the Chemin des Dames in April, 1917, started his brother, who kept a wine shop in Paris, by suddenly appearing before him the other day.

"You don't know me," he remarked, the deserter who had grown a beard during his exile.

"No, I don't know you," was the reply.

"I am your brother," replied the deserter.

"My brother was killed at the Chemin des Dames," was the rejoinder.

AMNESTY LAW

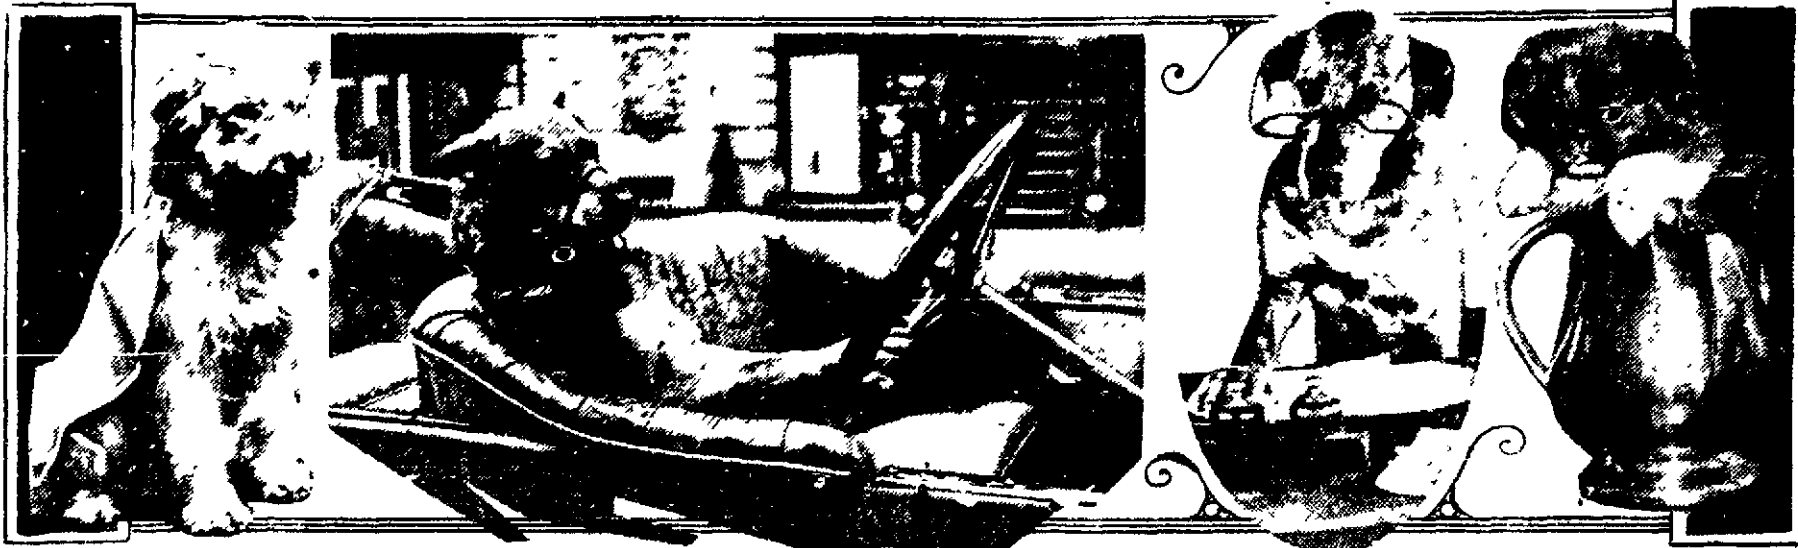

"No," insisted the deserter, "there were not so many butchered as was supposed. A lot of them deserted to the enemy, and I was among them. Now that the Chamber has passed the amnesty law I have come back and I need money to start me off."

The brother agreed to give him funds on condition that he never show his face in the neighborhood again.

The deserter walked off with the money to celebrate his return at a public ball in the Boulevard de Grenelle. There he picked a quarrel and within half an hour was carried out with a fatal stab in the abdomen.

Another deserter who was also among the "missing" of the Chemin des Dames battle turned up at his father's farm in the Morbihan department. A neighbor who happened to be present remarked that he was not yet safe, as the senate had not yet adopted the amnesty law. The deserter, angered by this interference, cried: "You'd be capable of denouncing me!" drew a knife and plunged it into the neighbor's breast. This deserter is now again a fugitive from justice.

More than 1,200 French deserters living in Geneva, where they have formed a "Friendly Association of Deserters," are preparing to come back in a body. Other Swiss towns shelter as many if not more and there are supposed to be a great many still in Germany.

The bathing beauties and other essentials of the rapidly moving world were given a day off by the photographer who went in search of unusual poses by man's best friend the dog. He found them.

## GIANT LENS, TO BE TESTED

Michigan University Owner of  
Large Telescope

ANN ARBOR, Mich. — After 13 years of waiting the University of Michigan has a prospect of holding its new telescope, the fourth largest in the country, completely assembled and ready for use, late this year. Soon afterward it will be dismantled again and taken to South Africa for light or ten years of study of the southern sky by university astronomers. Only three refracting telescopes in the United States will have lens surpassing its 27 inches of diameter measurement, that at Yerkes with 40 inches, that at Lick with 36 inches and one other measuring 30 inches.

Difficulty in getting glass sufficiently large to make the lens was responsible for the delay. Or, as for the new telescope were placed June 10, 1911. Two years ago the big piece of glass reached this country from Germany.

Sent to the shop of Robert R. McDowell in Pittsburgh, it had been slanted and was being polished when Mr. McDowell died in 1923. Search revealed no man able to continue the work except one in McDowell's shop who was then working on a lens for Yale. He turned his attention to the Michigan lens in June and will be finished with it in six months. Slowness of the work of polishing is due to the fact that each three minutes of polishing demands a wait of 60 minutes for cooling.

Eventually after its trial test at Ann Arbor and its sojourn under the skies of South Africa, the new lens will become part of the equipment at the university observatory.

## LAFOLLETTE IS URGED TO INVADE NEW ENGLAND

WASHINGTON — Senator La Follette, independent presidential candidate, is being urged by some of his advisors to follow Senator Wheeler of Montana, his running mate, into New England for at least one campaign speech.

Wheeler will begin a stump tour Labor Day with an address on Boston Common. In quick succession he will deliver speeches in at least a dozen other New England cities before invading New York and probably other eastern states.

Two bars recording the marriage of W. A. Konat and Anna L. Schabing and E. W. Brockey and Emma M. Warnock were filed in probate court Friday.

## TOMB OF KNIGHT IS FOUND

Roman Soldiers' Grave Discovered by Plowman

KARAGATCH, Bulgaria — A peasant plowing near this village turned up one of the most interesting archeological finds made in recent years. When the plow struck an obstruction the peasant found it was a slab of marble. Lifting this a marble tomb was disclosed and within lay a suit of

bronze armor of a Roman knight, together with shield, sword, spear and several utensils, including an exquisite vase.

Director Velkoff, of the National Museum, and Mr. Popoff, an expert on Greek antiquities, estimate that the find dates back to the pre-Alexandrine period. They surmise that he may have been a dweller of a Hellenic colony on the Black Sea coast.

On the helmet, well preserved and of a high order of workmanship, were the figures of Apollo, Pallas, Athena, Poseidon, Minerva and Mars. One earpiece found bore the figure of Zeus with the trident. The other ear-piece was lacking. The helmet was silvered, and

some of the white metal still adhered. The human figure that once bore the helmet and carried the weapons was entirely absent, except in the form of ashes in small amount.

"The knight who bore the armor was evidently a high personage," said Director Velkoff. "Therefore, after his body had been deposited in the grave it was burned an early instance of cremation."

PRISON SCHOOL

PEKING — A school for prison officials is to be opened in Peking. This is part of a general preparation for the coming of the judicial commission to investigate China's fitness for assuming authority over foreigners now vested in foreign consular courts, pursuant to the Washington Conference enactments.

## FIELD GLASSES UNDER BAN IN SOVIET RUSSIA

BERLIN—Tourists' field glasses are military equipment and dangerous to Russia's safety when owned by foreigners, in the opinion of Soviet custom-officers. Their importation is forbidden and

consequently they are seized the border is the report of a German edition, recently returned from Russia minus a new and naive prism-bino.

Did You Ever  
Go Discovering?

Children outgrow homes as they outgrow clothes. There comes a day when you are forced to face the fact that it isn't quite fair to the child or the young woman or man to NOT give them the right kind of home. And by the "right kind" we mean—a house with lawn—in a good residential section—which means good social environment, and surroundings that will help them develop as you want them to. LOST CREEK has been planned and given the resources for development that go to make up the home THEY NEED. And yet its prices are so low and its restrictions so reasonable that you cannot but be convinced with the ideal features of LOST CREEK as the site for your future home.

We Want YOU to Discover Lost Creek for YOURSELF—We Want YOU to Convince YOURSELF that it is the Only Place YOU Want to Build a Home!

Make an appointment with us on the grounds or call Main 1786 for a car and we will take you out to see it.

This service on our part does not obligate you to buy—and you will positively not be approached on the subject again unless you are interested.

# U.S. AIRMEN FACE DANGEROUS TRIP

Route to Labrador is Highway for Ice Berge

## CAUSE OF CONSTANT FOGS

Hop off is Again Delayed by Weather

T. S. S. RICHMOND AT ICE TACKLE Labrador — (By Associated Press) — Continuing stormy weather has caused further postponement of the American world aviators' flight here from Iqigut, Greenland. It is now announced that no attempt will be made to get away before tomorrow morning. The route of the flight stretches for 572 miles across the arm of the Atlantic which sweeps north northwest into Davis Strait and covers a highway for ice bergs floating down the Labrador current into the broad ocean. The warm air from the south, meeting the ice, cause dense fogs almost constantly, making an aerial crossing perilous except under unusually favorable conditions. Marine reports place the fog occurrence as high as sixty per cent. Unusual precautions have been taken by the conveying naval squadrons to safeguard the birdmen on this final and dangerous leg of their homeward trans-Atlantic swing. No less than six ships will be stationed along the route in constant communication with an elaborate system of signaling to the aviators as they pass. As the planes proceed each vessel will inform the aviators by signals of the weather prospects ahead, one flag meaning fair weather, two flags indicating changing conditions, and a blast of the whistle warning of fog along the route. The longest gap between the ships will be 110 miles. The Vulture will be at Iqigut and then, in order, to the west the destroyers Coghlan, McFarland, Charles Ausburn and Lawrence, with the cruiser Richmond 25 miles from Labrador coast.

**GIRL DROWNED**  
IRONTON—Edna Pruitt, 16-year-old daughter of Mr. and Mrs. Joe Pruitt, this city was drowned yesterday evening in the Ohio river below Sedgwick. The body has not been recovered.

# PRINCE OF WALES IS "EDDIE" TO FRIENDS

DEMOCRATIC HEIR TO THRONE VISITING UNITED STATES

BY ALEXANDER HERMAN WITH THE PRINCE OF WALES — Giving the Prince of Wales a real life a clinch. He will answer to most anything from "Hey, Eddie!" down to "Your Highness."

The handle to his name is so long it is almost unwieldy. Except when he is at home and has to obey his royal pa and ma, the Prince refuses to carry it all. That's the chief reason he is going to the polo games at Long Island as the Baron of Renfrew. It's the title that gives the least trouble.

To use it properly you need but address the Baron as "My Lord." Of course, if you want to trick it up, call him "Your Lordship."

In writing, it takes a little longer. For in the superscription where one usually says "Mr. John Brown," and then follows it up by "Dear Sir" the approach is: "The Right Honorable Lord Renfrew," followed by "My Lord." And in conclusion one should write: "I have the honor to be, my Lord, Your Lordship's obedient servant."

Paste this in your hat. If you expect to write to the Baron. For that is the only way to do it according to the Hoyle of royal etiquette.

But if Edward (calling him by his first name) hung on to his title of the Prince of Wales, all the time, he would have to be addressed as "His Royal Highness," which takes a lot of time to write on account of the capital letters. And if he attacked on all his Earships and his Dukeships—good night!

For the boy's full name is: His Royal Highness Edward Albert Christian George Andrew Patrick David, K. G., P. C., K. T. G. C. S. T., G. M. M. G. G. C. I. E., G. C. V. O., G. M. B. E., M. C., Princes of Wales and Earl of Chester, Prince of Great Britain and Ireland, Duke of Cornwall (in peerage of England by patent 1337), Duke of Rothesay, Earl of Carrick, Baron of Renfrew, Lord of the Isles, and Prince and Great Stewart of Scotland (by ancient charter).

Imagine the size of his card if he tried to take on all these monickers!

However, the heir to Britain's throne doesn't stand much on ceremony. Those who have business with him, approach his secretary, get an appointment, and walk in on him without further ado.

The job is to convince the secretary that the business is pressing enough for the prince.

"He's a regular feller, a prince of a guy," says an American who accompanied him on his last trip to Canada.

And thereupon began a flow of tales to show how "democratic" royalty can be:

One morning while heading westward to Alberta for a visit to his E. P. ranch, Edward left the train and walked up the track with a companion. A couple of workmen met them "What are you doing?" they asked. "Looking for work," the prince answered. "So

THE PRINCE OF WALES HAS TO ANSWER TO ALL THESE NAMES AND MORE.

are we," they replied. Whereupon they went down the track together, swapping experiences. Later someone asked the workmen whom they had been talking with. "Some poor man looking for a job," they answered, and then passed out when told it was their Prince.

Another day the Prince went walking early in the morning, stopped to gaze at the royal train, stretched and sighed "Gosh it must be nice to be a Prince and sleep late."

One of the best jokes on the

Prince came at the expense of some American photographers who called him "Mr. Windsor." They had read their history and remembered the family name of the present British rulers.

But to the people in America, and particularly in Canada, His Royal Highness is "Eddie." And he is tickled every time he hears it.

His intimates at home call him Dave.

But there is no telling what his parents call him when he pulls a cropper, and falls from his horse.

# LABORERS PRESIDE OVER HIGH COURTS IN RUSSIA

MOSCOW—"Comrade" Smyrnoff, chairman of the Moscow district court, gives some interesting figures in his annual report concerning the personnel of the Moscow Soviet courts. Of the 287 judges, 100 are laborers and 37 are peasants. Nearly 175 are members of the Communist party while 50 are members of the so-called intelligentsia.

Out of 7,845 men available for jury duty in Moscow, Smyrnoff's report says, 3,021 are drawn from the membership of the Communist party, 6,197 are workers and peasants, and 1,638 are clerical or other employees.

MANILA — The discovery of guano deposits in the province of Cebu which are easily accessible by land and sea is expected to increase the use of fertilizer not only on sugar cane plantations, but in other lines of agriculture. It is estimated that 250,000 tons of guano are available in one locality of Cebu.

## MANY ATTEND LADIES DAY AT CLUB

Nearly one hundred women were present at the weekly observance of "Ladies Day" at the Shawnee Country club, Thursday. The morning was devoted to golf, followed by luncheon on the porch of the club at 12:30 o'clock. Bridge was played during the afternoon, more than a dozen tables being filled for play. High score of the afternoon was held by Mrs. John Wilson of Toledo. Mrs. Wilson is a former Lima girl, who before her marriage, was Miss Hoveana Jackson. Mrs. Frank Maltre presided as hostess during the day. The morning's golf matches, in the tournament was played on the old course by members of the golf club, and as a result, Mrs. Dwight L. Goodyear was low. Mrs. Henry Dodel will act as hostess at the "Ladies Day" next week. A number of out-of-town guests attended the affair at the club, Thursday.

House-guests at the C. C. Bauer home, W. North-st., are Dr. and Mrs. G. E. Ruskus and daughter, Alice Jane, of Dayton and Frank Haas and son, Joe, of Fairmont, W. Va.

Miss Georgiana Baltes of Ft. Wayne, Ind., was complimented at an informal party at the home of Mr. and Mrs. Carl Emrick, No. 25 Terrace court, Thursday evening. Miss Baltes is a guest at the Emrick home. Three tables were filled for bridge and at the close of the games, Mrs. Harley Keiser and Mr. Emrick held high scores. A two-course luncheon was served by the hostess, assisted by Mrs. C. L. Meckling. Guests included: Miss Baltes, Mr. and Mrs. C. L. Meckling, Mr. and Mrs. Harley Keiser, Mr. and Mrs. Fred Cuykendall, Mr. and Mrs. Raymond Bull, Mr. and Mrs. Walter Rumbaugh and Carl Emrick, Jr.

Mrs. John Wilson and daughter, Miss Peggy, of Toledo are visiting Mrs. Wilson's parents, Mr. and Mrs. E. W. Jackson of Pasadena, Cal., who are residing at the Hotel Barr for the present.

## SUSIE SMART'S ADVICE

DEAR SUSIE: I am a daily reader of your column and I enjoy it very much. Some time ago, I met a young man four years my senior. We went together for quite a while and a short time ago, we quit. We didn't have a quarrel or anything like that, but were still friends. Now, he is going to have a party and has invited me. Should I go? I have auburn colored hair, blue eyes and a fair complexion. What color can I wear?

What are the ages and addresses of these actors and actresses: Jack Holt, Fatsy Ruth Miller, Jack Moberg, Mary Pickford, Constance Talmadge and Viola Dana. What do the following names mean: Hazel, Ralph, Lillian, Gene, Lucille, George, Donald, Leon, Lora, Elvora, Mae, Imogene, Everett, Ira, Howard, Grace and Emmett. How is my writing? May I write again?

Patsy Ruth Miller's address is 1822 N. Wilton Place, Hollywood, Cal.; Jack Holt should be addressed at 185 Fifth-av, New York City; Mary Pickford's address is "Pickfair," Hollywood, Cal.; Constance Talmadge's address is 5241 Melrose-av, Hollywood. I am unable to find Jack Moberg's name listed among the movie actors. Patsy Ruth is 22 years of age; Jack is 35; Mary Pickford is 31 and Constance Talmadge is 21. Viola Dana can be addressed, Care Metro Studios, 1540 Broadway, New York City. I do not know her age.

Hazel means delight; Ralph means bright in fame; Lillian means a lily; Gene means noble; Lucille means to give; George means a landowner; Donald means proud chief; Leon means light; Lora means Lenore; Elvora; Mae means a pearl; Imogene means peaceful; Everett means healthy; Ira means watchful; Howard means sound; Grace means mild and Emmett means rich.

Your writing is very good. Yes, please write again.

DEAR MISS SMART: Please tell me the meanings of the following names: Alva, Verne, Alma, Lenore, Lucille, Madge, Kenneth, Willard and Howard. Where is the division line between South and Central High schools?

I am 17 years old and am five feet, four inches in height. How much should I weigh?

What is Viola Dana's address? THANK YOU.

Alvion means light; Laverne means of happiness; Alma means pure; Lenore means light; Lucille means to gain; Madge means a pearl; Kenneth means a lord; Willard means protector and Howard means round.

The correct boundary between the two high schools is the Ottawa river to Bellefontaine-av, Bellefontaine-av to Elgin-st., and Elgin-st. to the corner of Elgin-st.

You should weigh 115 pounds. Address Viola Dana of Metro Studios, 1540 Broadway, New York City.

DEAR MISS SMART: Please tell me how much I should weigh. I am 22 years old and am five feet, two inches tall. Sometimes I don't think I am tall enough. Am I or do I just imagine it?

I have medium brown hair, blue eyes and a light complexion. What color can I wear? Yours truly, Susie Smart.

Traps for men visitors are rare, but when ordered are carried up and into the room by a valet or butler. If there are no men servants, the waitress has to carry up the tray.

## SOCIAL CALENDAR

FRIDAY EVENING  
Mrs. J. L. Kelley, S. Rosebale, is entertaining a number of friends at a seven o'clock dinner at 9 a. m. at the hospital, according to an announcement made Friday by Mrs. H. B. Hoffman, president of the board. Plans for the fall and winter benefit parties will be begun at this time.

# HARRIS' SENATORS LAMBAST YANKS AND TAKE OPENERS

## But Three Foreign Players Remain In Court Tournament; Tilden In Upper Half

### RUTH & CO. KNOCKED RUTHLESSLY ABOUT

NEW YORK — The Washington Senators are on top at last leading their league a half game to the fore of the Yanks who dropped to second place, going down to defeat in the first game of the series with the Harris outfit 11-6.

With the Yanks leading 6 to 3, at the beginning of the eighth inning victory seemed assured for the Huggins team. And then came the barrage. Two Washington batters hit safely and Herb Pennock was called from the hill by the Midget manager. Gaston was rushed to the rescue but to no avail. Beckenbaugh, next man up, grounded out to Scott, and one Washington run scored. Liebold halted for Russell and walked. McNeely smacked one to right field hitting the bases. Harris slammed one at Dugan who fumbled and another run scored. With the bases still crowded, and the tying run on third, Huggins replaced Gaston with Sam Jones, who made it two out when Liebold was forced at the plate. At this point it looked brighter for the Yanks but only for a moment. For Goslin, the next man up, lifted one to Witt that he lost in the sun, three runs scoring. Judge, Blumge, Ruel and Brock all hit safely in order and three more Washington runners crossed the plate. Marberry, who went in to pitch the last two innings for the Senators, turned back the Yanks without a score.

**RUTH HITS TWO HOMEERS**  
Babe Ruth hit two home runs in the game and paced his 1923 home run record when he hit his forty-fourth homer of the season in the seventh inning. He is still six behind his record at this time in 1921 during which season he scored in all 55 home runs.

The Detroit club remained idle in third place but gained a half game on the Yanks in second place three games away.

The Red Sox scored a double victory over the Athletics in Boston, winning the first game 6-2 and the second 8-7.

**REDS DROP PIRATES**  
Pittsburgh dropped another half game in the cellar of the American League when the Reds knocked Cooper out of the box and won, 5-4. The Pirates are now five games to the rear of the Giants who did not play Thursday.

Playing on their own ball field the Cubs took two games from the Cards, winning the opener 5-2 and the finisher 8-3. Rogers Hornsby, leading batter of the majors, got four hits in seven times at bat.

The Phillies shoved the Braves deeper into the cellar when they conquered two games from the Boston club, 1-0 and 9-3.

### Twilighters Postpone Game

Game scheduled for Friday evening between the Industrial Twilight League and the Capital League and the Nickel Plate at Laurel park has been postponed until next week, Victor Bird, "Y" industrial secretary, announced Friday morning. The Nickel Plate found that it could not get a team together as some of its players are going out of town Friday over the week-end and Labor Day.

One game is to be played Friday evening. The Loco Engineering and West End Triangles teams are booked to meet at Loco field. No contests were played in the league on Thursday evening because of the big Y. M. C. A. picnic at McBeth park.

Next week two postponed games and one game will be played, ending the league season.

### GRIF WON A PENNANT ONCE

Twenty-three years ago, Clarke Griffith, as manager of the Chicago White Sox, won the American League pennant.

Griffith, in addition to managing the club, was one of its leading pitchers. "The Old Fox," as Griffith was known, did not have the stuff of Walter Johnson but he was tough to beat.

That was back in 1901, the second year of the American League, his first as the pilot of a major league club.

Since then Griffith has managed a number of clubs in both major leagues, but has never been able to repeat his pennant debut.

Back in 1904, then managing the New York Americans, fought it out until the last day of the schedule with the Boston Red Sox, only to be beaten.

A wild pitch by Jack Chesbro, then king of the spitball pitchers, decided the pennant. Working for Boston was Bill Dahlen, now an umpire in the American League.

Four or five years ago Griffith gave up the active management of the Washington club to become its president. In 1912 he went to Washington as manager and had a big first year. His club failed in the stretch after being a contender all the way.

Now, after 23 years of waiting, Griffith, weighted down with the title of president, has a chance to have his pennant appetite satisfied. The Washington club, under Manager Harris, is sure giving him a run for his money.

Dame Fortune has been mighty tickle with her pennant smiles as far as Griffith is concerned. Coming down the home stretch, frowns rather than smiles have been his sad portion. In the old pinch the tough breaks have always gone against him.

Twenty-three years is a long time to wait but Griffith will be content if the pennant breaks financially favor him. He feels that he is due.

Unlimited confidence in the ability of Manager "Bucky" Harris is Griffith's strongest talking point. He regards Harris as one of the smartest men in baseball. In the spring, when he surprised the baseball world by the selection of his youthful infiler as manager, President Griffith said: "Harris is going to be a great manager. He will give Washington a club of which it may well feel proud. It will be an aggressive fighting aggregation. Harris is one of the smartest players in the game."

Harris has more than made good President Griffith's prophecy. It would be fitting if he could give Griffith a second pennant to endorse over.

**CUMMINGS WILL SPREAD EAGLE AT MERION NEXT MONTH**  
We have the prophetic word of Mr. Joseph Morgan himself. America's most noted eadly, that his protégé, Dexter Cummings of Chicago, will spread eagle the field in the National amateur at Merion, Pa., next month.

It seems that young Dexter, twice holder of the National collegiate title, has not something over on the rest of the boys. Dexter has been over in England working out daily under the practiced eyes of Harry Vardon and George Duncan. Not only has the westerner been getting plenty of training in real competitive matches but many valuable pointers from two great players as well.

This is somewhat of a novelty in American golf. And what if young Cummings should win? America could not gracefully claim all the credit. "Mr. Vardon and Duncan would be deserving of some recognition. It might be necessary in the interest of international harmony to split the honors two ways.

Seriously, Cummings is a good chum at Merion. So have a flock of other young stars who will be on hand striving for Max Watson's crown. Practically every large golfing center in the land will be sending at least one young hopeful to the annual classic.

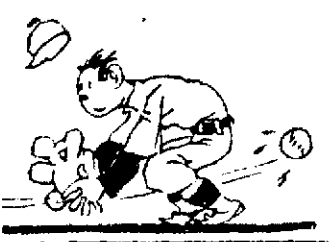

The far west has Van Ekin of Salt Lake and McIlush of Fresno, if he comes. The south, besides the brilliant Jones, has Weizler of Tennessee, Carlson of Texas and Bonshaw of Alabama; the middle west has Lamproft of Ohio, Johnson of Minnesota and Manion of Missouri; the east has Dick Jones of New York and Crookston of Pennsylvania.

Any of these is capable of top notch golf over an extended period and the list is by no means complete. The chances of a newcomer breaking thru a Merion are better than fifty-fifty.

The odds are all against Merion repeating. Bobby Jones seems to be inescapably jinxed in match play. Evans is fading, Gifford is inconsistent. No one knows how good or bad Outint is this year.

Swedish ought to be dangerous. Wilberg, the Seattle dentist, is a rare plucker and will give the held a lot to worry about if he qualifies. This about causes the veteran list. A crusading youngster, in a militant mood, has inspired stroke, ought to have no trouble writing a new golf chapter this fall.

### Pros, 'Ams And Sich

**A DAY WITH FIRPO**  
10 a. m.—Alarm clock shrieks violently. Firpo demands to know what all the shouting is about. "You said set the alarm for Thursday," explains a snoring partner. "Yes, but I said Thursday a week, you sap."

11 a. m.—Light breakfast consisting of 3 hams, 48 eggs, mess of lake trout, and 11 stacks of buckwheats. "No milk this morning Mrs. Jenkins. I'll try and tough it along on this."

12 m.—"Do you think this is a good idea to run 20 miles?" Firpo asks trainer. "I do, good sense." "Well, go ahead and run 25, I'm not selfish."

1 p. m.—Crawls into porch hammock and facetiously announces intention to take beauty sleep. "Well, sleep a long time," advises village wise cracker.

2 p. m.—Calls secretary and inquires if Cuban mail has arrived. Learns only mail is letter from young lady in Centralia, Mo., who writes, "Please send me one of your front teeth and a lock of your eyebrows. I think you are too romantic for words."

3 p. m.—Audience with newspaper men. Refuses to denounce the Klan by name. Thinks prize fighters ought to be original even if presidential candidates aren't.

4 p. m.—Recreation period. Parlor tricks, pinhole, mah jong, egg rolling, crock golf, riding to the sounds and postoffice. (Isn't this the darndest stuff you ever read?)

5 p. m.—Poses for photographs. Obligingly stretches out full length on ground at request of a camera man who asks him to look natural.

6 p. m.—Responds reluctantly to the dinner bell and partakes of a variety of 15 side of beef, (3) slabs of bacon, (14) pecks of turnips and (9) gallons of ice cream. "Never mind the finger bowl, Mrs. Jenkins, I'm in training, you know."

7 p. m.—Public reception. Visiting friends take peck at bull's chin (turn in line to the right). Children are asked to refrain from feeding the animals peanuts, tin cans and other forms of tasty debris.

8 p. m.—Bed time stories. "And little Red Riding Hood pecked a case note and said about the works."

### Loren May Is Champion Pitcher

CLEVELAND — (By Associated Press) — Loren May, 19, of Akron, retained his title as Ohio horseshoe pitching champion, a title which he has held since he was sixteen years old.

Young May, defending his title in the Ohio State Horseshoe Pitching tourney held at Lakewood, which closed Thursday, won 21 of the 22 games in which he participated. The only game he lost was to his brother, Alvin May, also of Akron. It was the final game of the tourney.

Loren May, in addition to winning the state championship cup, took down trophies for the most double fingers, having scored 150, and for the lowest score allowed an opponent, and first prize money of \$75.

Babe Nienmeyer, Cleveland, who won prize money and a cup for most fingers with 619, and William Yarnum, Zanesville, third prize money and a cup for throwing the smallest number of shoes in one game.

Many of the contestants expect to go to Minneapolis for the national tournament next month.

**Spencerville Has Boxing Show**  
The Legion boxing show, set for this Friday evening, at Spencerville, will be held as scheduled. Everything is in readiness for the bell. The feature card will be between Don Baxter, of Lima and Williams of Toledo. Don is Lima's most popular fighter and there will be a crowd over to see this boy. Williams is a very clever boy, and it is confidently expected the fast little local boxer will have his hands full to get the decision. They will box 10 rounds. The other bouts on the bill are Pinkle Kurber, of Delphos and Battling Cochran, of Lima. These are 124 pound boys and will box 8 rounds. "Whit" and Buck Townsend, at 125 pounds will box 4 rounds. Besides these bouts there will be a curtain raiser between Snapping Turtle and Pinch Hitter like. This bout should be about as funny as a jumping mouse.

Charley Maxwell, the local referee will be in the ring.

### CAN SHE REPEAT GOLF WIN

Upstaging the dope in spectacular style, Edith Cummings came out of the west to win the women's national golf championship last year. Will this young Chicagoan repeat this year at Providence, R. I. The odds are against her. No woman champion has repeated in four seasons.

### AS A MATTER OF FACT

Being a Criticism of the Just and the Just in the World of Professional and Amateur Sports  
BY HARRY BRADSHAW

The month of September promises to be the busiest month in sports of all kinds that country has known. The United States will compete on its own soil in several important international events: in polo, golf, yachting, tennis, boxing and racing. Great Britain will be the opposition in the first three events, in tennis the United States will defend against the winners of the interzone Davis cup final between France and Australia. In boxing it will be the United States against South America in the match between Harry Wills and Luis Firpo, and on the turf comes the international races between Ephraim and the best race horses this country possesses. Perhaps in all there is more interest displayed over the results of racing. Never before in the history of the American turf have foreign men speculated as they are doing now. The greatest enthusiasm extends the country over and it is safe to say that the events as they are run off will be the means of drawing greater crowds to the different tracks than ever before. On Labor Day the great French horse will meet the American cracks at Belmont park.

**ON THE SAME DAY**  
On the same day the final round of the national lawn tennis championship will be played at Forest Hills. Tilden is chief defender in these matches against the strongest players in the world, and if he should win, he will have competed successfully against the strongest field that ever tried to grasp the honors from him.

On that same day starts the women's national golf championship at Providence. This is one of four of the most important golf tournaments which are to be played off in September, the others being the national amateur and the national professional championship and the play for the Walker cup. The final day's competition in the Gold Cup regatta at Detroit also will be contested Labor Day.

The most important polo event held in this country in ten years will be when the team representing the United States plays the English team September 6. The following matches are scheduled for Sept. 10 and 13. Tremendous interest has been aroused in these matches thru the Prince of Wales coming to view them.

**REMARKABLE RISE OF A BALL PLAYER**  
Hazen Cuyler has the most remarkable rise in baseball since Ty Cobb was inaugurated from the stacks of Georgia. From a bench warmer at the early part of a season to a player making Rogers Hornsby go strong for the last supremacy, it is what this young player is doing. His chance came as it sometimes does, by accident, when Max Carey was injured. By the time the veteran had returned to the game, Manager McKelchie had discovered the true playing worth of this young southerner. Considering his age, which seems to be no handicap, he leads in batting, baserunning and fielding all the brilliant stars of the Pittsburgh team.

It was Carey who coached him; Carey one of the leading base stealers of the National League.

and the young fellow, under the teaching of the veteran, was quick to learn until he takes a place with the most famous of the old organization, strong, fast and cunning enough to cause his former tutor misapprehensions as to whether he will still wear the crown at the end of the season, or whether his willing pupil will supplant him. Cuyler is going fast enough in every position he takes, in offense or defense to make the Pirates a strong applicant for the national league crown. Rookies come and go, few of them stay, but in the find of this boy Pittsburgh has undoubtedly added a mighty player to the club's roster, and one who will go down in base ball history famous, just the same as the chosen few have done a great blitzer, a great ball player.

Guided by long experience, Wills, superintending the cooking, warns of "draughts" which might cause destructive colds, and hovers over her charge with frank and motherly care.

The two sparring partners, only other inhabitants of the household, describe the nine year old housewife as "a couple of kids."

NEWARK, N. J. — Jack Britton, former welterweight champion, took the first step in his attempted comeback by winning a 10 round newspaper decision from Wills, with "Champ" the ball pup, Mike Rappaport.

### Wills Enjoys Care Of Wife

SOUTHAMPTON, N. Y. — Associated Press — Harry Wills, ex-heavyweight who will meet Liebo Firpo September 11, in an elimination bout to provide the next opponent for Champion Jack Dempsey, is enjoying a second honeymoon at his quiet camp on Peconic bay.

During the seven weeks of Wills' training, the comely little woman of his own race whom he married nine years ago and who has followed him thru his career, has been the constant companion of the negro fighter.

Early in the morning, Mrs. Wills, with "Champ" the ball pup, of the family, goes out on the road with Harry, after breakfast she drives with him to Southampton for mail and the daily eclipse of civilization; in the afternoon she attends his walking pupil in the evenings the pair roam thru the surrounding country or listen in on the radio in the living room of their bungalow.

Guided by long experience, Wills superintending the cooking, warns of "draughts" which might cause destructive colds, and hovers over her charge with frank and motherly care.

The two sparring partners, only other inhabitants of the household, describe the nine year old housewife as "a couple of kids."

Minneapolis 0-0, Kansas City 0-0.  
Batteries for Minneapolis, Root, Galloway and O'Neill; for Kansas City, Root, Galloway and O'Neill.

**Toledo Trins Louisville**  
Toledo 1-0, Louisville 0-0.  
Batteries for Toledo, Taylor, McCullough and Gaston; for Louisville, Root, Galloway and O'Neill.

**Greenville Pounds Out Victory**  
COLDWATER, Ohio — (Special) — Coldwater was forced to admit the superiority of Greenville, when the club from Darke county again sent them down to defeat, this time on the home turf, by the score of 6-2. In the first clash, the locals lost by the score of 10-4. While playing better ball than on the previous occasion, there seemed to be a nervousness among the local team in fielding ground balls with the result of allowing the opposing team many runs. On the offensive end, Coldwater held their own with Greenville, Bettger smashing out a home run in the ninth and Schroer getting a triple of Hancock, with better support behind Nuemeier, a much closer game would have been staged.

The batteries were Greenville: Hancock and Walters; Coldwater: Nuemeier and Bryne.

**HOME RUN LEADERS**  
Ruth, Yanks, 42; Fournier, Boston, 32; Carey, 25; Knepper, Athletics, 21; Williams, Phils, 18; Kelly, Giants, 16; Williams, Browns 16.

### A TRUE FISH STORY

"The trouble with fish stories is that when the fellow telling it is at a disadvantage, is that he is at a disadvantage. But if there are any other residents of Lima given to strict veracity tell him that his horn, or like the wise guy forever hold his tongue. J. C. Sharpnack, of Baxter street, caught a 5 1/2 pound pickerel while fishing in Indian Lake the other day. It was a real fish, and that goes for none of your devious or gross case expedients—a real one. And it is stated that the natives held a celebration meeting immediately after the news became known, and there was an abundance of beer on a superabundance of hair on a chin, who began to talk in a loud voice and told of another fisherman who had pulled fresh from the water a pickerel weighing just half a pound less. This happened in the days of the Virginia Reel and said to say there was none to vary the old man's story. All have passed to the great here, and the story of Sharpnack to swell up, don't you think."

### Warm Games Ahead For Lima

Celina is getting ready for the game against the local team at Murphy's park Sunday. Westbay will pitch for Lima, and because of the fact that Westbay once pitched for Celina and they let him go, and now is pitching equal to any other flinger in the league, there is naturally a great deal of jealousy. From this it will be easy to understand that there is a double motive for Celina in winning the game; Lima is the largest town in the league and Westbay pitching winning ball, it will be a seventh heaven affair if they can land the score on the right side. Manager Heckler sends word that he's going to aid the game, because it will be about as satisfactory to the fans of the Reservoir city as the they won the pennant.

Westbay is silent on the matter, but lets out intonatives occasionally that he will repeat the dose Sunday, and Manager Halloran believes he can, that is why he allows the submarine twirler to do as he likes.

But where there is so much patriotic pride in the Celina team and the knowing one of that city resting on their oars and whispering under their breath, with a smile on their face, there is something to be looked for. It would be disastrous to pennant chances if the locals lost this game. With Bryan and Angola so close up, it would mean that Lima would drop into third place in the league standing; that with Bryan coming, playing here Monday, two games, morning at 10 o'clock and the afternoon game at the usual time, against the ace of Ohio-Indiana league pitchers—Kime—to stack up against in a last desperate attempt to go ahead of Lima, it is certain that Halloran is leaving nothing undone to win all of the three games.

Word comes from Chick Long that he will be on hand and will play second base for the locals. Long is an excellent player and will strengthen the infield considerably. Egan and his big stick will be there. Egan is runner up to Dickey, of Wapakoneta, who is leading the league in hitting, the full strength of the locals will be in the field against both Celina and Bryan. Pres. Bradbury has ordered Bigelow, of Delphos and Connolly, of Celina, to umpire the games here Labor Day. The league race is getting too close for any degree of comfort and there will be none of the home umpires officiating.

**SQUARED CIRCLE**  
CLEVELAND — Carl Tremaine and Bud Taylor, bantams, meet in a ten round bout at the new Olympic Arena tonight.

Young Strubling, Macon school-boy and Paul Berlenbach, New York light heavyweight fight to a draw in six round bout at New York.

PATERSON, N. J. — Erminio Spalla, Italian heavyweight champion, won a 12 round newspaper decision from Martin Burke No. 2.

CLEVELAND — Bryan Downey, Cleveland and Columbus boxer, announced his retirement from the ring. He will devote his time to his farm near Columbus.

## FIVE IN ONE FAMILY FIND TANLAC EFFECTIVE

**McMasters Says Medicine Is Household Remedy For Self, Wife and 3 Children.**

"Well, sir, I've heard a lot about happiness depending on health but I never realized how true it was until I saw what a wonderful change this Tanlac made in my own home and family," recently stated L. M. McMasters, well-known citizen of Chesapeake, Ohio.

"For two years stomach and liver troubles kept my whole family, including myself and wife, badly run-down. Constipation, nervousness, lack of appetite and

sleeplessness also attacked three of our three children. In fact, we were undergoing treatment for something or other nearly all the time.

"But soon after we began taking Tanlac, we were all eating better, looking better and enjoying fine health. Tanlac has been our family medicine ever since. It keeps us all on our feet, happy and contented. As a health-giver, Tanlac certainly takes the palm."

Tanlac is for sale by all good druggists. Accept no substitutes. Over 40 Million bottles sold.

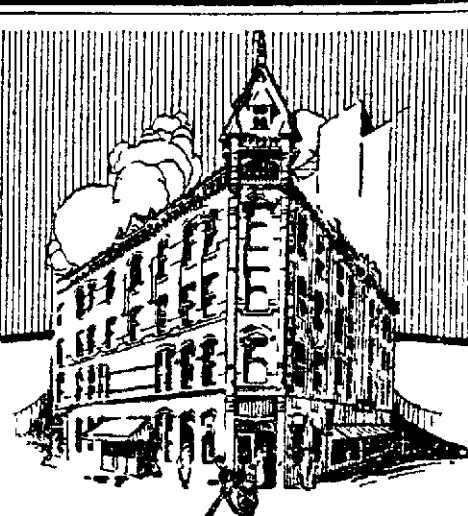

Tanlac Vegetable Pills for constipation, made and recommended by the manufacturers of TANLAC.
